ANNOUNCEMENTS

ADJOURNMENT

**MINUTES OF THE REGULAR MEETING
COMMON COUNCIL OF THE CITY OF HOBART
LAKE COUNTY, INDIANA
January 7, 2026**

Call to Order: Mayor Huddlestun called the meeting to order at 6:00 p.m. with the Pledge of Allegiance, and moment of silence. The meeting was held at the School City of Hobart High School Auditorium, 2211 E. 10th Street and open to the public. The change of venue and call-in number for the zoom connection was available and listed on the agenda and the website and posted on the front door of Hobart City Hall, 414 Main St.

Roll Call: The following members were present in person: Mr. Kopil, Mr. Kara, Mr. Rodriguez, Ms. Winstead, Mr. Claussen and Mr. Waldrop. Absent: Mr. Brezik. Also present: Clerk-Treasurer Longer and City Attorney McCarthy.

Reading of the Minutes: Motion by Mr. Kopil, seconded by Mr. Kara to approve the minutes of the Regular Meeting of December 17, 2025 and the Memorandum of the Executive Session of December 29, 2025, as presented. All aye, motion carried. (6-0)

Correspondence: Clerk-Treasurer Longer distributed the End of Year Report of Encumbrances and Transfers to the Council in accordance with Council Resolution 2025-04.

Committee Reports: There were no Committee Reports.

Department Reports: There were no Department Reports.

Approval of the Agenda: Mayor Huddlestun stated the City Attorney has distributed Public Hearing Rules for the Council to consider and this may be added to the agenda. Motion by Mr. Claussen, seconded by Mr. Kara, to approve the agenda with the addition as presented. All aye, motion carried. (6-0)

Unfinished Business:

Ordinance 2025-48: An Ordinance of the City of Hobart, Indiana, providing that the Zoning Ordinance of the City of Hobart, Lake County, Indiana be Amended by Changing an Established B-1 & R-1 Zone to a PUD Zone Classification: SE of 10th St. & Lake Park Avenue (Sapper's property), 12.44 acres, Dan Tursman, Luke Land II LLC: The Ordinance was read. Mr. Kara stated this was sent back to the Plan Commission by the Council and modified by the developer, removing any townhouses and duplexes, making the entire development single family residential and the Plan Commission has now issued a Favorable Recommendation on this petition with the condition that the Petitioner work with staff to ensure the covenants are amended to match the PUD and during the subdivision process the right-of-way is reduced to 50' and adding 10' to the rear yards along Lake Park Avenue. Motion by Mr. Kara, seconded by Mr. Kopil, to approve Ordinance 2025-48 on first reading. Roll Call Vote taken. All aye, motion carried. (6-0)

Rules for Public Hearing: **Subject:** Declaration of Economic Revitalization Area for Tax Abatement: Motion by Mr. Claussen, seconded by Mr. Kopil, to adopt the Rules for the Public Hearing as presented. All aye, motion carried. (6-0)

Purpose of This Hearing: This is a public hearing where you will have an opportunity to **comment** on the proposed designation of an economic revitalization area. The purpose of the public hearing is to receive and hear

remonstrances and objections from interested persons with respect to the Economic Revitalization Area. You are being provided an opportunity to share your comments on this specific subject.

Speaking Guidelines

Time Limits:

- Each speaker is limited to two (2) minutes in order to allow everyone a chance to speak
- This is not a question-and-answer session – this is your opportunity to speak -the council will not be answering your questions during your 2 minutes
- You cannot yield your time to another person
- If you have a comment, you must speak for yourself

Procedure:

1. When you reach the podium, state your name and address
2. After speaking, sign in so we can properly document your name and address in the minutes

Conduct Expectations

Respectful Participation:

- Everyone has the right to be heard when providing public comment
- Do not disrupt others while they are speaking
- Keep your comments focused on the issue at hand—the declaration of an economic revitalization area for tax abatement
- No signs should be held up during the public hearing which obstructs the view of others in the meeting
- No jeering, booing, heckling, personal attacks or talking over speakers

Enforcement:

- If anyone talks over or heckles a speaker, you will be warned to respect the speaker's time
- Comments shall not include vindictive or personal attacks
- You will be removed from the meeting by law enforcement if (i) these types of disruptions continue after appropriate warning, (ii) removal is necessary to maintain order or ensure the safety of another person, or (iii) you violate the rules and policies relating to the conduct of the meeting or otherwise commit a criminal offense. If these types of disruptions continue after repeated warnings, you will be asked to be leave immediately or you will be removed from the meeting by law enforcement

Additional Information

- There will be no further public comment after the public hearing is closed
- There will be no public comment period at the end of the meeting due to time constraints
- The City has received letters from citizens via email, and those letters will be reflected in the record
- The Mayor and the City Attorney on behalf of the Mayor may enforce these public hearing rules in coordination with law enforcement as may be necessary

Public Hearing: Proposed Economic Revitalization Area: SE Corner of 61st Ave and Colorado St.:

The Mayor opened the public hearing and asked for public comment.

Bill Eich, 1777 Gurney St., representing the Eagle Creek Homeowner's Association, the Board and the members. He stated they are opposed to the development at this location and stated an ERA is not warranted as this is not a blighted area, not deteriorated and not obsolete. He requested that if the Council chooses to move forward with this designation and the related Resolutions on tonight's agenda that there be established an independent \$2.25 Billion irrevocable trust with a bank as Trustee, funded up front, to provide financial remedies for future negative environmental impacts experienced by neighbors of the development.

Jessica Gadberry, 332 W. Old Ridge Rd., questioned what the full amount of the tax abatement being considered and how much the City will lose in property taxes and stated this should be public information. She also asked if there will be full transparency with choosing how the community impact money will be spent. She stated the Council has been less than transparent about this development and the signing of an NDA proves that the Mayor and Council are on the side of Amazon, not the residents.

Lisa Vallie, 1649 Lake Ave, Whiting, organizing director for Just Transition NW Indiana, a local Environmental Justice non-profit, stated she is here in support of the local residents opposing this

development and urging the Council to table any action on property. She stated she has worked with residents in Michigan City to slow the rush to allow more data centers as they are already impacting the community with 24/7 construction. She noted the developer is willing to say anything to secure tax breaks and approving these will decrease whatever leverage the City has to regulate what and how development occurs. She noted for example, in Michigan City, no Project Labor Agreement was required and union members protested when Amazon brought in non-union labor. She noted this is just an example of promises made but not realized and asked the Council to table their vote.

Guy Rhodes, 1715 Stellar St., stated he moved here in 2023 looking to raise his family and has seen big industry develop properties only to go bankrupt and abandon the property in the future. He stated he works in live entertainment and doesn't need or want AI as it is a threat to his business and to a number of artists that he works with. He questioned why billionaire companies need tax breaks and stated they should be made to pay their fair share. He also stated the New Carlisle Data Center is unattractive and looks like a data center prison. He also mentioned that talking with sound professionals he works with, the noise ordinance change from 50 to 55 decibels was a significant increase, 1.7 times louder. He stated there was no assurances for the neighbors about property values, no assurances about water quality for those on wells, and reminded the Council they work for the residents.

Nancy Oparka, 314 N. Virginia St., stated she moved here in 2003 as this town is known as a friendly, neighborhood city, but is concerned as she has an auditory disease and it involves much more than noise. She stated that money isn't everything and the community that lives here does so without needing a Santa Claus data center.

Angelita Soriano, 1741 Imperial St., stated that from the start of this process the common denominator has been the lack of transparency with answers also pointing to no answers until the Site Plan is discussed. She wondered where the site plan is and how the City and the Plan Commission could remain transparent and objective if the tax abatement agreements are approved before the site plan. She stated she believes this raises serious ethical questions as to whether this development is being done to benefit the community or just Amazon and it is unfair to the Plan Commission to put them in a position where anything they do will be overshadowed by the up-front gift from Amazon. She also requested a comparison chart, showing what the City is receiving from the tax abatement with the cash upfront compared to what the City is losing in abated taxes – showing a true fiscal analysis of whether this is good for the City. She asked the Council to table the decision and hold a true town hall meeting to review the site plan and the fiscal analysis so the community has the opportunity to truly understand the enormity of this project.

Cody Graft, 7009 Colorado St., stated he has watched numerous Council meetings and numerous requests being made to the Council that have been ignored. He asked the Council to get the facts of the development out to the public, put it on a ballot, stop being sneaky and doing things under the table. He stated he knows the Council has integrity so they should follow through and do what is good for the community and table any decisions.

Suzanna Enslin, 919 E. Home Ave., questioned where the Hobart Chamber and Economic Development teams have been involved with such a large development being proposed. She is also concerned about when the funding ends and the money has been used up in upgraded infrastructure and projects to enhance the community, what does the City do then? She noted she has submitted numerous questions that the community needs answered and stated that if Amazon wants to be a good neighbor, they will welcome a town hall meeting and a live Q&A and answer the questions openly. She mentioned individuals who have worked hard to improve our community whose dreams are threatened with loss of property value due to this development and are not being given answers to their questions. She also questioned whether those who live in the area have established a baseline for their wells to ensure that their wells are not impacted.

Ted Smukler, 1221 W. 38th Place, stated that in reviewing the minutes of January 2025 Plan Commission meeting when the developer stated there was no need for an environmental impact study but while there may be no need, the Council should be holding them to a higher standard and requiring this. He also wants to know the fiscal comparison of the upfront "gift" and the tax breaks being considered. He stated he has looked at the website for "Good Jobs First" which is a national organization that studies subsidies

that cities and towns get to bribe companies to come. He stated that in New Carlisle, the subsidies total \$4Billion. He stated the \$47Million being offered is a bribe that is not part of the budget process. He urged the Council to table any decision on these resolutions as he is reminded of the City of Chicago with their corrupt politicians when the Mayor gave away the Skyway and the parking meters for an influx of money.

Joe Conn, 910 Lake St., stated he has never seen anything like this evening when the Hobart Police were “wandering” the residents before coming into this public meeting for weapons and stated the Council has created the need for this. He also stated that Councilman Claussen recently provided information about this site that goes back decades but he believed that anyone who thought an industrial park would be a good use for that site is sick in the head. He requested the Council table this resolution until a financial comparison can be completed to show the impact of the upfront funds as opposed to property tax funds. He noted this will allow for further leverage on behalf of the City. If this is not done, it is another example of how the Council has been over-accommodating to the developers. He noted if you cannot manage the City, resign.

Allison Urbanczyk, 1130 Lakeview Dr., shared some concerns from a resident building a multi-generational home less than 1-mile from the site. She noted she chose the setting because it is surrounded by nature scenes and wildlife. When neighbors have asked for information, they have been mocked and belittled and not given answers. She asked the Council to slow down, do the research the residents deserve, consider alternatives that create jobs and enhance what we already enjoy in our community. She noted the site is incredibly large and rich with opportunity.

Monica Regier, stated she grew up in Hobart and stated that most people don’t understand that this area is in a TIF District which already provides incentives for development and these mega corporations don’t need further incentives. She noted this also sets a precedent for future developers to expect the same incentives and we will already have to pay for the infrastructure upgrades including NIPSCO that the State has allowed and with all the incentives already in place, there is not enough information available yet for the representatives on the Council to vote on this proposal that truly does serve the citizens, not the corporation.

Linda Berendsen, 1221 W. 38th Place, stated she had heard information on NPR that a study was done regarding Parkinson’s Disease and if you live within a mile of a golf course you had over twice the chance of getting Parkinson’s than if you lived 6 miles away. This is due to the stormwater runoff and pesticides used on the golf courses. With data centers being so new, there has not been time to conduct studies of the impact and long-term effects these may present, particularly to people’s health. She stated she does not want the Council to gamble with people’s health.

Thalia Perez, 7192 Merganser St., stated they purchased what they thought was their “forever” home has as a 7-, 5- and 2-year-old at home. She stated her son has severe asthma, is in and out of the hospital and is concerned what this will do to her children’s health. She noted he also has anxiety and the news he hears about data centers and their impact causes him stress. She asked the Council to care about the residents.

Albina Venegas Roman, 2083 Tawny St., asked whether she gets a break on the over \$5,000 in property taxes that she pays. She noted she also pays HOA dues and is concerned that she will still have enough water to keep up with her property and water her plants. She also has watched her NIPSCO bills increase and stated the AI bubble will burst and will be costing the state. She said the Council has been seeing and hearing push back from the constituents but they are not listening to the will of the people. She stated this issue is not going away and the people will not forget in the next election and the consequences of the Council decision will have to be lived with for the rest of the residents’ lives.

Celeste Roche, 1354 Lincoln St., stated her concerns about how this is considered an industrial site across the street from homes and neighborhoods. For a company to get a tax break that the community does not want, does not make sense. Residents pay their taxes to live here. The health impacts caused by water, air and noise pollution will be irreversible. She stated her daughter is a special needs child and while she wanted to add on to her home to allow her daughter some independence, she is second guessing this now due to this development. She added that if the Council grants these incentives, they will be the ones who killed Hobart and hurt the ones who stay here.

LaDonna Sanchez, 1688 Imperial St., approximately 200' from the site. She stated she has autoimmune disease and this project will increase her risk and her reliance on her home for rest and healing will be destroyed. The round-the-clock cooling systems, generator use and constant noise and air pollution can trigger increased health issues and consequences. The noise disrupts sleep, the emissions adds to air pollution, the heat increases fatigue, none of which are minor issues but directly affect whether someone with autoimmune disease can function or stay well. She expressed concerns that her issues won't be addressed until it is too late and she doesn't look sick but it will affect her health. She asked the Council to pause and consider the real human cost of this decision.

Jake Cseke, 1205 Lincoln St., stated in reviewing the information presented, the City is to receive \$175 Million through 2028 from a \$1 Billion company is a drop in the bucket and he feels like it is not enough to mitigate the community impact the development will cause. He also stated the \$5 Million payment when the first permit is pulled seems like a payment for a permit and seems sketchy. He noted we are in a global climate crisis and these data centers use diesel fuel which is unregulated as to their emissions and the Nipsco/GenCo that depends on coal and natural gas burnings will all cause greater impact. The Lake County Council passed a resolution in 2023 specifically about data centers. He asked the Council to table taking any action until a site plan can be discussed and the impacts studied.

Jennifer McQuade, 6731 Grand Blvd., asked the Council to not grant tax relief to Amazon as it is one of the most profitable companies in the world and does not need tax abatement to survive. She noted that data centers provide very few jobs relative to their size and ecological impact while consuming enormous amounts of water and electricity. Granting a tax abatement will shift the tax burden on to residents and small businesses who already pay their fair share. If they want to build here, they should be willing to invest just like everyone else. She stated that fairness matters and fiscal responsibility matters. She asked that the Council stand up for the community, protect our tax base, and while we support business in Hobart, we do not subsidize corporations that do not need it.

Jennifer Prather, representing her sister that lives in the Green Acres subdivision, reminded the Mayor of the three pillars of a strong community from a statement he issued in 2023: Does it jeopardize public safety?; Does it make financial sense?; Does it impact the quality of life for our residents? She further stated Josh's commitment to help the residents of District 5 and to grow the City responsibly, attracting quality enterprises and to be selective in our choices, finding the right development, in the right locations and for the right reasons. The people elected the Mayor and trusted him to make the right decisions. She asked that the Council and the Mayor not sell out the City.

Sherry Valentine, 1329 California, stated she moved here 6 years ago to a quiet neighborhood. She voted for her representative because she believed that representative would do what was best for her and her neighbors. She stated the Council is not listening to the residents, nor do they care about what the residents have to say.

Lauren Wheat, 253 Heather Lane, asked whether the Council cared about the residents and wondered who signed the NDA to keep the information from the residents. *Much of the rest of her statement was inaudible.*

Gail Gray Sherman, 233 S. Ash St., stated concerns about her grandchildren and the possibility of cancer producing emissions and water pollution.

Logan Reid, 1324 Lincoln St., stated he works as an environmental scientist who has visited numerous Amazon facilities and stated that Amazon is a dirty company who will break every environmental rule because they have the money to "fix" any problems. Pollution from these data center sites will last long-term and jobs at these sites are only for construction using non-union workers. He asked the Council to table any decision on this development.

Bradley Johnson, 1130 E. 53rd Ave., expressed concerns about air pollution over the Hobart Pool and the bike path areas and particles being emitted into the air. He also read a campaign promise made by the current Mayor saying they stand for residents, not corporations and will work for the residents every day. He asked the Council to table any action on this resolution.

Barbara Poutellis, 6140 California St., stated that at least 4 counties in Indiana passed moratoriums on data centers due to either a lack of planning and/or community opposition. She noted that these large corporations target small towns and get them to move quickly to allow them to build without proper

regulations. The secretive nature of the transactions does not foster trust and the silence from the City officials is deliberate. She requested a moratorium on data centers in our city until a suitable location can be found. She also stated that data center ordinances should be regulatory ordinances, based on specific regulations. City officials should not be dealing with Amazon until an air-tight regulatory ordinance is in place.

Helen Engstrom, 5308 E. 61st Ave., she noted the number of people in the room this evening but no one has spoken for the proposed data center yet. She stated she had a conversation with School Supt. Dr. Buffington about putting together a collaborative group with representatives from the Data Center, the community, the elected officials and allow anyone to ask questions and get answers. She asked if the Council was ever going to answer any of the questions that had been posed and hoped they realized that transparency is an answer the people want and deserve.

Cathy Csatare, 429 Crestwood Dr., stated she pays her taxes but opposes the request for Amazon to get a tax break. If data centers were good for communities, other communities would be fighting to have them come into their communities rather than fighting to keep them out. There are many forms of economic development for a community that would provide greater and better opportunities. Amazon is not paying Hobart out of the goodness of their heart; they are paying to be able to build and ultimately kill our community. She asked the Council to please table any action.

Bryan Sons, Hobart Firefighters Local 1641, stated that the Firefighters Union never disregards citizens' comments or complaints but looks at this issue from a public safety perspective and the brothers and sisters in the firefighter's union that he looks after. He thanked the Mayor and the Council for their due diligence in studying this proposal and doing independent research on data centers already in existence. He noted appreciation for the front loading of community enhancement funding taking the city to the next level with the caveat of minimal impact on public safety resources but also from the perspective of layoffs that would be eminent with the arrival of the legislators SEA1. Those layoffs would be devastating for the brothers and sisters of the firefighter's union who put their lives on the line every day for the citizens of Hobart, hindering their safety and the safety of the residents served. He noted that creating a wheel tax would not make up for the losses anticipated with SEA1 but would also put further financial stress on the residents and on public safety. He thanked the Council for being forward thinking.

Sandy O'Brien, 5500 S. Liverpool Rd., stated she has always been an environmentalist and data centers have never been good for the environment because they use so much energy and are really unnecessary for normal use, cell phones, etc. and many of them are for the generative AI which may be a big "poof" that may never happen and wondered what then will happen to the data centers. She stated she has driven by the New Carlisle data centers and was amazed at the site but then read that that community also turned down additional data centers and said that was a telling thing in her mind that they had had enough. She hopes the Council closely considers the impacts and how much land is going to be taken up by these data centers and makes the right choice based on others saying enough.

Jesse Suarez, 791 W. 350N, requested the Council table this matter as the government hasn't provided a safety device for these projects that are going on and we don't know the environmental effects or the financial effects but we are trying to take care of one town. He stated the money is not worth the environmental impacts and the facts that people bring up to the Council are facts, not just made-up information and the Council should look at what is happening in other areas. When they write about data centers they won't write about how good it looks but about how much damage it does. He asked that the Council table this until the federal government can provide some protection from the damages the data centers may cause.

Colette Williams, 138 Wenatcher Place, Hebron, speaking on behalf of her parents who live in the impacted area at 73rd & Colorado. She stated the meetings are held and citizens get to speak but it appears that nothing is getting through to the Mayor and Council. When a development results in air pollution, water pollution, well damage, noise pollution, impact on wildlife and who knows what else, the people should be able to have a say. She stated that this development has a true cost that the citizens of Hobart will have to pay. She asked that this item be tabled and put on a ballot to let the residents truly speak and be heard.

Kreg Homoky, 1831 Hickey, representing Union Local 20, representing over 4,000 members, over 100 of which reside in Hobart, and an officer in the NW Indiana Building Trades, representing 10's of 1,000's of workers as well who all stand to benefit from this project and we rise in support of the project and applaud the Mayor and Council for the outstanding job done on bringing the economic impact to this community packaged with this project.

Michael Gajdik, 700 N. County Line Rd., suggested that the 9 officials should sign a pledge to buy the 1st 9 houses that go up for sale within ½ mile of the site. He asked for transparency and urged residents to force the officials to sign a pledge he suggested.

Elizabeth Gagliardi, 6800 Lincolnway St., thanked the Mayor for posting on facebook about the benefits to be received by the city with this project but she believes it looks like a bribe. She noted that nearly every other community considering data center proposals has had transparency with the residents and have turned down the projects. She stated that we are not here to talk about the environmental issues or health issues that data centers may cause, we are only here to discuss the tax breaks. She asked the Council table any action so more research can be done regarding the risks vs. benefits of this project. She asked that Hobart not be the community that sells out because money is being waved in your face. She asked that it be tabled and allow the residents to vote to see if they want this in the City.

Chuck Curry, 6570 Ameriplex Dr., Local 395, commended the Council for being the pulse, knowing the tax structure and knowing how business works and realizing that this is only a small portion of the community of Hobart and doing what is right.

Christine Pierce, 225 S. Linda St., stated the city has options and nobody is paying attention to these options and that is why it seems like a bribe. When she had issued memos about grants, not one councilman got back to her. She expressed concerns about the vibration of a data center breaking up the bedrock and believes an environmental impact study must be done to make informed decisions.

T.J. Gaertig, identified himself as a union member but mainly for collective bargaining. He stated if officials believe this is good for the City they should rent a motor home and park it outside a data center and stay there for 24 hours to understand some of the impact of these facilities. He requested a 6-month moratorium on any decision for a data center and asked that experts be hired to provide information as to the pros/cons of this development. He noted we are in a climate crisis and this data center will change the carbon footprint of Hobart. He stated the Council is moving too fast without sufficient information. He noted that each councilperson has leverage now to protect the citizens of Hobart and demand transparency and accountability.

Ada Yonez, 823 W. 7th Place, stated she has experience in disaster relief IT systems and stated it doesn't have to be this way. Service can be run on renewable energy sources such as solar, battery and other options. She asked the Council to stop and consider other alternatives without turning this into corporate greed. She urged them to table the vote and to take the community comments into the consideration.

Chris Ewing, 7130 State Place, stated he moved here about 15 years ago and has worked 20 years as a contractor for air pollution monitoring for the EPA and this area has one of the highest rates of air pollution in the world. He expressed concerns that his ground water is rusty enough and is concerned about where the water run-off will go and whether it will affect the streams.

Alice Pawlowski, 2450 Crabapple Ln., reviewed the tax abatement agreements and considerations contained therein. She noted that there is nothing in the agreements that prevents the company from appealing, challenging or otherwise applying for additional incentives.

April Peek, 2610 W. 49th Ave., stated that the agreements do not guarantee any specific level of investment or number of jobs and recommended the company disclose any other incentives or subsidies they have applied for or will receive. She asked for a moratorium on any decisions and believed the Ordinances need to catch up with the technology. She also asked that an environmental impact study be completed and more research be done on data centers.

Angelita Soriano asked that printed information from Good Jobs First be included in the record and handed it to Councilman Waldrop.

Shirley Best, 155 S. Illinois St., questioned the search procedures used to enter into the building this evening and stated this is not what Hobart is about. She stated she has lived here since 1965. She asked the Council to think about what decisions made today will do to the next generations of people who live

here. She noted that money is the root of all evil and the Lake County Council established an ordinance to regulate data centers to ensure that data centers are developed responsibly and in suitable locations and include development standards, submission of a detailed site plan, an emergency access plan, proof of sufficient electric and water supply, a water management plan, a noise mitigation strategy, a commitment to renewable energy, and an environmental impact study.

Robert Leon, 4902 E. 61st Ave., across the street from the proposed site. He stated he shares the concerns expressed here this evening and hoped the Council listens to those concerns. He noted he has resided here over 30 years, raised his family here, but this project is taking Hobart in the wrong direction. He thanked the Council and the residents for taking the time to address this issue.

Beth Blomiley, 254 N. Michigan Ave., expressed concerns about the energy and water crisis that this project will create. Nipsco bills have already increased and this is just the beginning. The water usage and energy usage will be about the size of a small city just for these data centers. She stated that we cannot sustain this and it is too much for us to pay for and too much impact on the environment. She recently read an article that said for every 100 words generated by AI, this uses 1 bottle of water. She asked that the Council take any action on this resolution.

Written correspondence:

A 4-page handout entitled Noise and Low Frequency Noise is attached to this record.

Letters submitted expressing opposition and requesting the tabling of this matter are included in the record (*attached*) from : District 1: Rosalie Pfister, Nancy Winkiewicz, Thalia Perez, Lauren Sheet, Tamela Priest, Dana Triber; District 2: Celeste Roche, Jodi Mellon; District 3: Dawn Waugaman, Kelly Shinabarger, Vernon Shaw, Mark & Alice Pawlowski; District 4: Jennifer Peterson, Justin Sawicki, Teresa Wilson, Timothy Wilson, Jerri Strayter, Rod Caesar, Nita Caesar, Marcelina Brown, Megan Workman, Janice Fay, Angelita Soriano, Gayle Moreno; District 5: Jessica Rodrick, Michelle Merrick, Ashley Hill; and Other/Unknown Districts: Amanda Vargas, Edith Medium, Andrew Wolfe, Lauren Reubelt.

A 3-page Memo dated January 7, 2026 from Greg LeRoy, Executive Director of “Good Jobs First” to the residents of Hobart is attached to this record.

An email dated 1/7/26 titled Remonstrance of Angelita Soriano, Albina Venegas-Roman, Barbara Koteles and Joseph Conn to Resolution 2026-01, 2026-02 and 2026-03 is attached to this record.

Mayor Huddlestun called three times for anyone else wishing to speak during the public hearing and there being no further response, the public hearing was closed.

Resolution 2026-01: A Resolution of the Common Council of the City of Hobart, Indiana, Declaring and Confirming an Area within the City of Hobart, Indiana as an Economic Revitalization Area: The Resolution was read. New Business:

Resolution 2026-02: A Resolution of the Common Council of the City of Hobart, Indiana Approving Real Property Tax Abatement with respect to Investments made by Amazon Data Services, Inc.: The Resolution was read. Attorney Thomas Everett, Barnes & Thornburg, stated that he and his colleagues, Randy Rompola and Rich Hall, represent the City in the negotiations of the various data center agreements. He stated that Resolution 2026-01, just approved, took final action designating the project site as an Economic Revitalization Area (ERA). This allows the Council to consider and grant tax abatements within the ERA. He noted that Barnes & Thornburg have been involved in negotiating deals throughout the state from small scale projects to large hyper-scale data centers and they are extremely comfortable with the terms of the agreements negotiated here with Amazon and represents a strong deal

to the benefit of the City. He provided the following overview of information as a summary of developer SB-1s and related agreements:

- Estimated total investment in the project: \$11 billion.
- Estimated jobs: 400+ permanent full-time positions averaging \$37.44/hour, in addition to temporary construction jobs.
- Contributions from Amazon to the City:
 - \$47 million by January 31, 2026
 - Additional contributions of \$45 million, \$43 million, and \$40 million after achievement of project construction milestones.
 - Contributions to be use by the City to improve the quality of life in the City to foster a strong community in which the Project will be located.
- Community Impact Payments from Developers to the City:
 - Up to \$2 million per building per year
 - Additional \$10 million payment after issuance of building permit for first building.
- Incentives from City to Developers:
 - 10-year, 100% real property tax abatement for each building
 - 35-year, 100% exemption for enterprise information technology equipment
- Contractors or subcontractors of any tier working onsite on the Project must comply with Hobart Municipal Code Section 33.200 through 33.207 regarding Responsible Bidding Practices and Submission Requirements.
- It is typical for incentives to be negotiated at the outset of a Project prior to site plan and other approvals. The developers will be required to comply with all applicable city ordinances and requirements in connection with those approvals.
- Amazon makes additional commitments including the following: generator testing, commissioning and emergency generator use; infrastructure improvements; fire training; sustainability; roadway improvements; acoustics; vibration; construction and decommissioning.
- No commitment by or expectation of the City to use the Contributions under the Agreements or other City funds to construct water and sewer infrastructure for the project.

He noted that Resolution 2026-02 approves the Real property tax abatement and tax abatement agreement for the portion of the project owned by Amazon Data Services, Inc.; Resolution 2026-03 approves the real property tax abatement and tax abatement agreement for the portion of the project owned by Hobart Owner LLC; and Resolution 2026-04 approves the Enterprise IT Exemption for the Project site, the Enterprise IT Agreement and also approves the Community Enhancement Agreement pursuant to which Amazon will make contributions to the City. He noted that no public hearing is required for any of these resolutions. Councilwoman Winstead asked if Amazon fails to make the contributions does the tax abatement cease?. Attorney Everett stated that if they fail to make the contributions as stated in the Community Enhancement Agreement, the City has the ability to suspend the Real Property Tax Abatements and the Enterprise IT Exemptions and if no payments are received after a year, the City may terminate the agreements. He noted the fact sheet has been distributed to the Council and copies are available for the public/press on the podium.

Attorney Jeff Bennett, representing Amazon, thanked the Mayor and Council for holding the public hearing this evening and requesting approval of the remaining items on the agenda related to this project. Resolution 2026-02 was read. Motion by Mr. Kara, seconded by Mr. Claussen, to approve Resolution 2026-02 as presented. Roll Call Vote taken. All aye, motion carried. (6-0)

Resolution 2026-03: A Resolution of the Common Council of the City of Hobart, Indiana, Approving Real Property Tax Abatement with respect to Investments made by Hobart Owner, LLC. The Resolution was read. Motion by Mr. Kara, seconded by Mr. Claussen, to approve Resolution 2026-03 as presented. Roll Call Vote taken. All aye, motion carried. (6-0)

Resolution 2026-04: A Resolution of the Common Council of the City of Hobart, Indiana, approving a Form of Enterprise Information Technology Exemption Agreement and Community Enhancement Agreement with Amazon Data Services, Inc.: The Resolution was read. Motion by Mr. Kara, seconded by Mr. Waldrop, to approve Resolution 2026-04 as presented. Roll Call Vote taken. All aye, motion carried. (6-0)

Announcements: Mayor Huddlestun asked if anyone had any announcements and there was no response.

Adjournment: Motion by Mr. Claussen, seconded by Mr. Kara, to adjourn the meeting. All aye, motion carried. (6-0) The meeting adjourned at 7:47 p.m.

RE: CANCELLATION OF WARRANTS – OLD OUTSTANDING CHECKS

Attached is a list of the outstanding checks that were issued more than two (2) years ago from City of Hobart funds. The State Board of Accounts Uniform Compliance Guidelines directs as follows:

Pursuant to IC 5-11-10.5, all checks outstanding and unpaid for a period of two years as of December 31 of each year shall be declared cancelled.

Not later than March 1 of each year, the Treasurer shall prepare or cause to be prepared a list in duplicate of all checks outstanding for two or more years as of December 31 last preceding. The original copy shall be filed with the City Council and the duplicate copy maintained by the Clerk-Treasurer of the City. The Clerk-Treasurer shall enter the amounts so listed as a receipt to the fund or funds upon which they were originally drawn and remove the checks from the list of outstanding checks. If the fund from which the check was originally drawn is not in existence or cannot be ascertained, the amount of the outstanding check shall be receipted into the General Fund of the political subdivision.

The amounts from each fund will be receipted back into the fund from which they were originally drawn as these checks are now cancelled.

RE: REZONE FROM B-1 & R-1 TO PUD

Attached please find a Certification and Proposed Ordinance for your consideration regarding Plan Commission Petition 25-35, for property located on the SE of 10th Street & Lake Park Avenue (Sapper's property), zoned B-1 & R-1, 12.44 acres

DRAFT MINUTES OF THE PLAN COMMISSION MEETING OF NOVEMBER 6, 2025: Present was Dan Tursman, Luke Land and Michelle Renninger, Viking Homes. Mr. Tursman stated he is requesting to rezone five existing parcels currently zoned B-1 and R-1 to PUD. He also noted the Comprehensive Plan addresses this area as mixed-neighborhoods. The original proposal included a higher density development which included townhomes, duplexes and single-family homes. The Plan Commission was not in favor of the townhomes and duplexes and forwarded an unfavorable recommendation to the Council. The Council sent it back to the Plan Commission in anticipation of the commission and developer come to an agreement on a revised concept for the property. Mr. Tursman revised the development to include 43 single-family homes on a minimum of 60' x 120' lots and eliminating the townhomes and duplexes. The right of way will extend from the dead end of 11th Place west to Lake Park Avenue/State Rd. 51. They intend to work with INDOT for a traffic study and appropriate traffic measures to address the traffic at the proposed intersection. 11th Street to the east is designed with a turnaround cul-de-sac enabling access to the lots and not to interfere with the elementary school drop off area for the students. Three out lot areas will not only serve for green space but also stormwater detention management systems which will be shared and controlled by the HOA. Berms and landscaping are proposed along Lake Park Avenue to soften the visibility of the homes. He stated they have discussed the north/south street right of way to be reduced from 60' to 50' allowing an additional 10' to be incorporated in the lots along Lake Park Avenue. For safety and security reasons, vinyl fencing will be installed separating the back yards and the elementary school. The same fencing will be installed on the north side of 11th Street. Ms. Renninger mentioned Viking Homes is a small local builder and will be partnering with Luke Land to provide semi-custom homes ranging from \$400,000 to \$450,000 or higher depending on the options. She stated they will be offering a product that is not marketed and under served in Hobart which will range between production homes and \$750,000 plus custom homes. Mr. Miller stated a variance will be required for the north/south street should it be reduced to a 50' right of way. Mr. Vinzant motioned for a Favorable Recommendation to the Common Council for Petition 25-35 contingent on the petitioner work with staff to ensure the covenants are amended to match the PUD and during the subdivision process the right of way is reduced to 50' and adding 10' to the rear yards along Lake Park Avenue including all discussion and Findings of Fact, seconded by Mr. SeDoris. All ayes, motion carried. (8-0)

SECTION 2. The City Council now finds that the above zone change will not be injurious to the public health, safety, morals and general welfare of the community and the use or value of the area adjacent to the property included in this Ordinance will not be affected in a substantially adverse manner and the need for the change in zoning herein arises from a condition peculiar to the property involved and the condition is not due to the general condition of the neighborhood. The Council further finds that the strict application of the terms of the zoning ordinance will constitute an unusual and unnecessary hardship if applied to the property herein if this rezoning were not granted and this rezoning does not interfere substantially with the comprehensive plan.

SECTION 3. The Common Council of the City of Hobart finds the zone change will take effect upon the following conditions being fulfilled by the owner:

Contingent on the petitioner work with staff to ensure the covenants are amended to match the PUD and during the subdivision process the right of way is reduced to 50' and adding 10' to the rear yards along Lake Park Avenue

All buildings or uses permitted and placed upon said described real estate shall fully conform with all the provisions of the Zoning Ordinance of the City of Hobart, Indiana and shall have obtained the proper permits.

SECTION 4. That the City Engineer and/or Zoning Administrator is hereby authorized and directed upon the enactment and approval of this Ordinance, to cause a change to be made on the zone maps, to make certain notations in ink thereof and to record the date of passage of this Ordinance.

SECTION 5. Since an emergency exists for the immediate taking effect of this Ordinance, the same shall be in fully force and effect from and after its passage by the Common Council of the City of Hobart; upon the approval of the Mayor of the City of Hobart Indiana; and as soon thereafter as otherwise provided for by law.

DECLARATION OF COVENANTS AND RESTRICTIONS

FOR

SAPPERS GARDENS SUBDIVISION HOBART, INDIANA

THIS DECLARATION, made this _____ day of _____, 2025 by LUKE LAND, LLC, an Indiana limited liability company (hereinafter referred to as the "Developer").

WITNESSETH

Whereas, the Developer is the owner of the real estate legally described herein; and

Whereas, the Developer desires to develop the real estate as a residential community called Sappers Gardens; and

Whereas, the Developer desires to promote the orderly development of the subdivision and to provide for the maintenance of Common Areas by subjecting the real estate owned by the Developer to the covenants, restrictions, conditions, reservations, easements, charges and liens, hereinafter set forth, each and all of which is and are for the benefit of the subdivision and real estate comprising the development; and

Whereas, the Developer acknowledges the authority of the City of Hobart and the City of Hobart Municipal Code to regulate the development of the subdivision and the real estate comprising the development in addition to the covenants, restrictions, conditions, reservations, easements, charges and liens, hereinafter set forth; and

Whereas, the Developer deems it desirable to subject the real estate to the said covenants, restrictions, conditions, reservations, easements, charges and liens for the mutual benefit of the real estate and under a general plan and scheme of development and improvement of the subdivision; and

NOW THEREFORE, the Developer hereby declares that all of the platted lots and real estate located within the Subdivision as they become platted are held and shall be held, conveyed, hypothecated or encumbered, leased, rented, used, occupied and improved, subject to the

following covenants, restrictions, conditions, reservations, easements, charges and liens, all of which are declared and agreed to be in furtherance of a plan for the improvement of the real estate and sale of the said lots in the Subdivision, and are established and agreed upon for the purpose of enhancing and protecting the value, desirability and attractiveness of the Subdivision as a whole and of each of the said lots situated therein.

ARTICLE I - DEFINITIONS

The following terms or words, when used in this Declaration, shall have the meanings attributed below:

Section 1. "Association" shall mean and refer to SAPPERS GARDEN PROPERTY OWNERS' ASSOCIATION, INC., an Indiana corporation.

Section 2. "Board" shall mean the Board of Directors of the Association.

Section 3. "Committee" shall mean the Architectural Control Committee for the Subdivision which is created and shall have the authority and duties provided herein.

Section 4. "Developer" shall mean LUKE LAND II, LLC, an Indiana limited liability company, its successors and assigns.

Section 5. "Lot" shall mean and refer to any lot or other tract in the Subdivision, together with all improvements thereon, as shown on the plat or plats thereof and designated thereon with a number for identification on which a residential structure could be constructed, whether or not one has been constructed.

Section 6. "Maintenance" shall mean the exercise of reasonable care, including buildings, roads, easements of ingress and egress, drainage easements, water detention or retention easements, utility easements, parks, landscaping, lighting and other related improvements and fixtures in a condition comparable to their original condition.

Section 7. "Common Areas" shall mean all real estate, whether in one or more separate parcels, which the Association or the Developer owns for the non-exclusive common use and enjoyment of the Owners of Lots shown on the recorded Subdivision plat or plats.

Section 8. "Owner" shall mean the record owner, whether one or more persons or entities, of the fee simple title to any Lot which is a part of the Subdivision, including the Developer, and including contract sellers, but not including contract purchasers.

Section 9. "Member" shall mean every person or entity holding membership in the Association.

Section 10. "Subdivision" shall mean and refer to all such existing properties, and additions thereto, as are subject to this Declaration and any supplemental Declaration or Declarations,

Section 2. Platting and Subdivision Restrictions. The Developer shall be entitled at any time and from time to time, to plat, replat or vacate existing plattage of all or any part of the real estate subjected to this Declaration, and to file subdivision restrictions and/or amendments thereto with respect to any undeveloped portion, or portions of, or additions to the Subdivision.

Section 3. Additional Real Estate. Developer may, but shall have no obligation to, add at any time or from time to time to the scheme of this Declaration additional real estate, provided only that (a) any portion of the real estate from time to time added to the scheme of this Declaration shall be contiguous to property then subject to the scheme of this Declaration, (b) any portion of such real estate shall, at the time of addition to the scheme of this Declaration, be platted as residential lots, (c) said plat of added real estate shall dedicate, or commit to dedicate, the Common Areas of said plat of real estate, and (d) upon addition of the real estate to the scheme of this Declaration, the owners of the property therein shall be and become subject to this Declaration, and shall have all privileges and obligations set forth in this Declaration, including assessment by the Association for their *pro rata* share of Association expenses. The addition at any time or from time to time of all or any portion or portions of the real estate to the scheme of this Declaration shall be made and evidenced by filing in the Office of the Recorder of Lake County, Indiana, a supplementary Declaration with respect to that portion of real estate to be added. Developer reserves the right to so amend and supplement this Declaration without the consent or joinder of the Association or of any Owner and/or Mortgagee of land in the Subdivision.

Section 4. Retractable Real Estate. At the sole election of the Developer, all of the real estate specifically described in Section 1 of this Article and subject to this Declaration may be withdrawn from submission hereunder at one time, or portions thereof at different times; provided, however that no real estate may be withdrawn which has been developed. All Owners, mortgagees and the Association are hereby deemed to consent to the vacation, and

waive all right to remonstrate thereto, of any portion of the plat of the Subdivision not developed in which the Developer has withdrawn from this Declaration.

Section 5. Easements. There are platted on the plat of the Subdivision certain easements which shall be and are hereby reserved for the installation, construction, maintenance, repair or replacement of any and all public utilities and drainage and their poles, ducts, wires, pipelines, lines, conduit, sewers, manholes or other related utility or drainage facility. No permanent structure shall be erected or allowed to be maintained on any easement. No Owner shall grant an easement, license or permit others to use any Lot, or portion thereof, in the Subdivision for access to any property or real estate not located within the Subdivision.

ARTICLE III – PROPERTY RIGHTS

Section 1. Title to Common Areas. Developer may retain the legal title to the Common Areas so long as it owns at least one Lot in the Subdivision. On or before conveyance by Developer of the last Lot which Developer owns in the Subdivision, Developer shall convey the Common Areas to the Association subject to taxes for the year of conveyance and to restrictions, conditions, limitations, reservations and easements of record; subject, however, to a reservation hereby perpetually reserved to the Developer, its successors and assigns, of the non-exclusive right to use and enjoy the common utility easements, easements of drainage, and ingress and egress easements for the benefit of real estate owned and to be owned by the Developer located on real estate which is contiguous to the Subdivision.

Section 2. Owners' Easements of Enjoyment. Every Owner of a Lot shall have a non-exclusive common right and easement of enjoyment and ingress and egress in and to the Common Areas and shall pass with the title to each Lot, subject to the following:

- (a) The right of the Association to take such steps as reasonably necessary to protect the above-described properties against foreclosures;
- (b) All provisions of this Declaration, any plat of all or any part or parts of the property, and the Articles and By-Laws of the Association;
- (c) Rules and Regulations governing the use and enjoyment of the Common Areas adopted by the Association;
- (d) Restrictions contained on any and all plats of all or any part of the Common Areas or filed separately with respect to all or any part or parts of the property; and
- (e) Easements for installation and maintenance of utilities and drainage facilities as shown on the recorded plat of the Subdivision. Within these easements, no structure, planting other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may damage, interfere with, impede, or change the direction of flow of drainage facilities in the easements. The easement areas shown on each Lot and all improvements thereon shall be continuously maintained by the Owner of such Lot, except for improvements for maintenance of which a public authority or

utility company is responsible. No dwelling unit or other structure of any kind shall be built or erected or maintained on any such easement, reservation or right-of-way, and such easements, reservations and rights-of-way shall at all times be open and accessible to public and quasi-public utility corporations, their employees and contractors, and shall also be open and accessible to Developer, its successors and assigns of the right to use and enjoy the same non-exclusive easements, for the benefit of additional real estate owned or later acquired by Developer located or real estate contiguous to the Subdivision.

Section 3. Right of Entry. The Developer and the Association, through their duly authorized employees and contractors, shall have the right, after reasonable notice to the Owner thereof, to enter any Lot or tract of real estate at any reasonable hour on any day to perform such maintenance as may be authorized herein.

Section 4. Developer's Sales Activities. Notwithstanding any provisions contained in the Declaration to the contrary, so long as construction and initial sale of Lots shall continue, it shall be expressly permissible for Developer, home builders, and their contractors to maintain and carry on upon any Lot owned by the Developer and any portions of the Common Areas such facilities and activities as, in the sole opinion of Developer, may be reasonably required, convenient, or incidental to the construction or sale of such residences, including, but not limited to, business offices, signs, model units, and sales offices, and the Developer shall have an easement for access to such facilities. The right to maintain and carry on such facilities and activities shall include specifically the right to use residences owned by the Developer and the Common Areas facilities, if any, which may be owned by the Association, as models and sales offices. This Section may not be amended without the express written consent of the Association; provided, however, the rights contained in this Section 4 shall terminate upon the earlier of (a) twenty-five (25) years from the date this Declaration is recorded or (b) upon the Developer's recording a written statement that all sales activity has ceased.

Section 5. No Partition. There shall be no judicial partition of the Common Areas, nor shall Developer, or any Owner or any other person acquiring any interest in the Subdivision, or any part thereof, seek judicial partition thereof of the Common Areas. However, nothing contained herein shall be construed to prevent judicial partition of any Lot owned in co tenancy.

ARTICLE IV - MEMBERSHIP AND VOTING RIGHTS IN THE ASSOCIATION

Section 1. Purpose of the Association. The primary purpose of the Association shall be to insure high standards of maintenance and operation of all property and real estate in the Subdivision, including that property reserved by the Developer for the detention and management of storm water easements, to insure the provision of services and facilities of common benefit, and in general to maintain and promote the desired character of the Subdivision. In addition, the Association shall consider its primary purpose to manage and

support financially all real estate owned by the Association, if any, as well as the storm drainage detention easements located within the Subdivision.

Section 2. Creation of the Association. As soon as is practicable following the recordation of this Declaration, Developer shall cause the Association to be incorporated as an Indiana Not For-Profit Corporation. Prior to the appointment of the Board of Directors by the Developer, responsibility for the control of the Association shall remain the exclusive responsibility and obligation of the Developer or its designated agents and employees.

Section 3. Membership. Every Owner, including the Developer, at all times so long as the Owner owns all or any part of the property subject to this Declaration, shall be a Member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment.

Section 4. Classes and Voting. The Association shall have such classes of membership, which classes shall have such voting rights, as are set forth in the Articles of Incorporation.

Section 5. Board of Directors. The Association shall have a board of three (3) Directors who shall constitute the Board of Directors.

- (a) The Directors and Officers of the Association shall not be liable to any Owner for any mistake of judgment or any acts or omissions made in good faith by such Director or Officer. The Owners shall indemnify and hold harmless each of the Directors or Officers against all liability arising out of contracts made by such Directors or Officers on behalf of the Owners and Members of the Association, unless any such contracts shall have been made in bad faith or contrary to the provisions of this Declaration.
- (b) The Board shall have the authority to and shall obtain comprehensive public liability insurance, as it shall deem desirable, and other liability insurance or insurances as it may deem appropriate in the circumstances. The premiums for such insurance shall be an expense to be paid by the Association.

Section 6. Powers and Duties of the Association. The Board of Directors of the Association shall have all of the powers set forth in its Articles of Incorporation, together with all other powers that belong to it by law in this Declaration:

- (a) To own, maintain and otherwise manage the storm drainage detention basins located within the Subdivision and vacant and unimproved property, if any, and to do any and all other things necessary or desirable in the sole judgment of the Officers or Directors of the Association.
- (b) To care for and maintain the landscaping, plantings and any signs located within the Subdivision in a good and neat appearance.
- (c) To make such improvements to the facilities under its control within the

Subdivision, and to provide such other facilities and services as may be authorized from time to time by the affirmative vote of a simple majority of the Members of the Association acting in accordance with its constitution and Bylaws provided, however, that any such actions so authorized shall always be for the express purpose of keeping the Subdivision a highly desirable residential community.

- (d) Until such time as the Board of Directors is duly elected, all the powers and duties enumerated above shall be exercised exclusively by the Board of Directors, as appointed by the Developer. The Developer, at Developer's discretion may appoint Owners to serve on the Board of Directors at such time as it deems appropriate. The first elected Board shall be elected not later than one year after 100% of those Lots which have been subjected to this Declaration have been sold and title has been conveyed from the Developer to an Owner. All Owners of record who have been subjected to this Declaration shall be eligible to vote for said Board. All Directors of the first elected and all subsequent Boards of Directors of the Association, shall be nominated and elected pursuant to the Bylaws of the Association. The initial board of directors as appointed by the developer or elected by the homeowners shall consist of three (3) owners and shall be elected for a term of three (3) years, except that for the initial election, one (1) director shall be elected for three (3) years, one (1) director shall be elected for two (2) years, and one (1) director shall be elected for one (1) year. Each year thereafter, the board member shall be elected for three (3) year terms to fill the anticipated vacancies. A chairperson of the Association shall be selected by the board members and shall preside at its meetings and shall be responsible for transmitting any and all communications to the association members. In the conduct of its' duties and responsibilities, the Association shall abide by the notice and quorum requirements applicable to the Association.

ARTICLE V - COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of Lien and Personal Obligation of Assessment. The Developer, for each Lot owned by it within the Subdivision, hereby covenants and each Owner of any Lot (by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed or other conveyance) including any purchaser at a judicial sale, shall hereafter be deemed to covenant and agree to pay to the Association any annual assessments or charges, and any special assessments for capital improvements or major repair; such assessments to be fixed, established and collected from time to time as hereinafter provided. All such assessments, together with interest thereon from the due date at the rate of ten (10%) per cent per annum, and costs of collection thereof (including reasonable attorneys' fees), shall be a charge on the real estate and shall be a continuing lien upon the Lot or Lots against which each such assessment is made, and shall also be the personal obligation of the Owner. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the

Common Areas or by abandonment, or otherwise.

Section 2. Purpose of Assessment. The annual and special assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents in the Subdivision, including but not limited to the following:

- (a) Improvement, maintenance, repair, and if Board determines, watering of the Common Areas, entry-way landscaping identified by the developer, decorative signage and street lighting in the public rights-of-way;
- (b) Water, sewer, garbage, electrical lighting, telephone, gas and other necessary utility services for the Common Areas and street lighting;
- (c) Maintenance and repair of all storm drains, drainage easements, storm water detention or retention easements, sanitary sewers, parks, private roads, and easements shown on the plat or plats of the Subdivision recorded in the Office of the Recorder of Lake County, Indiana.
- (d) Protection, permitting and regulation of all preserved areas, nature areas, wetlands or recreational or park areas within the Subdivision.
- (e) Fire insurance covering the full insurable replacement value of any improvements located on the Common Areas with extended coverage;
- (f) Liability insurance insuring the Association and the Board, as well as each Director in their individual capacity, against any and all liability to the public, to any Owner, or to the licensees, invitees, or tenants of any Owner arising out of the occupation and/or use of the Common Areas. The policy limits shall be set by the Association and shall be reviewed at least annually and increased or decreased in the discretion of the Association;
- (g) Worker's compensation insurance to the extent necessary to comply with the Indiana law, and any other insurance deemed necessary by the Board;
- (h) Acquisition of furnishings and equipment for the Common Areas as may be determined by the Association, including without limitation, all equipment, furnishings, and personnel necessary or proper for use of the Common Areas.
- (i) Any other materials, supplies, equipment, labor, management, supervision, services, personnel, repairs, structural alterations, insurance, taxes, or assessments which the Association is required to secure or pay pursuant to the terms of this Declaration, or by law, or which shall be necessary or proper in the opinion of the Board for the operation of the Common Areas, for the benefit of the Owners, or for the enforcement of these restrictions.
- (j) Fees for professional services including administrative costs that the Board of Directors believes necessary to fulfill the responsibilities of the Association.

Section 3. Annual Assessments. The Board shall fix the assessments, which shall be in

amounts determined in accordance with the projected financial needs of the Association as to which the decision of the Board shall be dispositive. By the vote of two-thirds (2/3) of the members of the Board, the maximum amounts of the assessments may be increased or decreased from the amount hereinabove set forth.

Section 4. Uniform Rate of Assessment. All regular and special assessments shall be at a uniform rate for each dwelling in the Subdivision without adjustment for size of Lots, number of residents or use or nonuse of the Common Areas.

Section 5. Special Assessments for Capital Improvements and Major Repairs. In addition to the annual assessment, the Association may levy in any assessment year a special assessment applicable to that year only, for the purpose of defraying in whole or in part the cost of any construction, re-construction, unexpected repair or replacement of a capital improvement as approved by the Board, including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the approval of two-third (2/3) of the Members who are attending in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance, and shall set forth the purpose of the meeting.

Section 6. Date of Commencement of Annual Assessments: Due Date. The assessments for which provision is herein made shall commence on the first day of the month, or as fixed by the Board to be the date of commencement. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The due date of any assessment shall be fixed in the resolution authorizing such assessment and any such assessment shall be payable annually, in advance, unless such other periods are determined by the Board. The board of directors of the association shall fix the amount of the annual charge by the first day of March of each year, and written notice of the charge so fixed shall be sent to each member.

Section 7. Duties of the Board of Directors. The Board shall fix the date of commencement, and the amount of the assessment against each Lot for each assessment, at least twenty-five (25) days in advance of such date or period and shall, at that time, prepare a roster of the Lots and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by the Owners. Written notice of the assessment shall be sent to every Owner subject thereto not later than seven (7) days after fixing the date of commencement thereof. The Association shall, on demand, and for a reasonable charge, furnish to any Owner liable for said assessment a certificate in writing signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 8. Effect of Non-Payment of Assessment: The Lien. Personal Obligation. Remedies of Association. If any assessment is not paid on the date when due, such assessment shall then

become delinquent and shall, together with interest thereon, and the cost of collection thereof, become a continuing lien on the Lot or Lots against which such assessment is made that shall bind such Lot in the hands of the Owner, and the Owner's heirs, devisees, personal representatives and assigns, and shall also be continuing personal obligation of the Owner against whom the assessment is levied.

If the assessment is not paid within thirty (30) days after the delinquency date the assessment shall bear a late payment fee of Twenty-Five Dollars (\$25.00) and incur interest from the date of delinquency at the rate of ten (10%) percent per annum, and the Association may, at any time thereafter, bring an action to foreclose the lien against the Lot or Lots in like manner as a foreclosure of a mortgage on real property and/or a suit on the personal obligation against the Owner, and there shall be added to the amount of such assessment the cost of any such action (including a reasonable attorneys' fee), and in the event a judgment is obtained, such judgment shall include interest on the assessment as above provided and a reasonable attorneys' fee to be fixed by the Court, together with the costs of the action.

Section 9. Subordination to Lien of Mortgages. The lien of the assessment for which provision is herein made shall be subordinate to the lien of any first mortgage to a bank, life insurance company, Federal or State savings and loan association, or real estate investment trust provided such mortgage is a purchase money mortgage. Such subordination shall apply only to the assessments which have become due and payable prior to a sale or transfer of such Lot pursuant to a decree of foreclosure, and in any other proceeding in lieu of foreclosure of such mortgage. No such sale or transfer or proceeding in lieu of foreclosure shall relieve any Lot or Lots from liability for any assessments thereafter becoming due, or from the lien of any subsequent assessment. The written opinion of either the Developer or the Association that the lien is subordinate to a mortgage shall be dispositive of any question of subordination.

ARTICLE VI - EXTERIOR MAINTENANCE ASSESSMENT

Section 1. Exterior Maintenance. The following maintenance standards shall be the minimum requirements for any home. In addition to maintenance upon the Common Areas, the Association may provide upon any Lot requiring same, when necessary in the opinion of the Board to preserve the beauty, quality and value of the neighborhood, maintenance, including paint, repair, roof repair and replacement, gutters, down-spouts, exterior building surfaces, and yard clean-up and/or maintenance; provided, however, that ten (10) days written notice must first be given to the Owner of any such Lot or Lots of the need of such clean-up and/or maintenance.

The Association may enter into a master contract on behalf of the association members, to provide for services for snow removal, lawn care and such other services as determined by the Board of Directors. The cost of such maintenance shall be included as a common expense of the Association to be paid by the owners as part of their normal assessments. These charges shall be assessed against the lot or lots upon which such maintenance is performed, or, in the opinion of the Board, against the lot or lots benefiting from same.

Section 2. Assessment of Cost. The cost of any aforementioned master contract maintenance, if approved, shall be assessed against the Lot or Lots upon which such maintenance is performed, or, in the opinion of the Board, against the Lot or Lots benefiting from same. The assessment shall be apportioned among the Lots involved in the manner determined to be appropriate by the Board. If no allocation is made, the assessment shall be uniformly assessed against all of the Lots in the affected area. The exterior maintenance assessments shall not be considered a part of the annual or special assessments. Any exterior maintenance assessment shall be a lieu on the Lot or Lots and the personal obligation of the Owner and shall become due and payable in all respects, together with interest, reasonable attorney's fees, and cost of collection, as provided for the other assessments of the Association and shall be subordinate to mortgage liens as provided for herein.

Section 3. Access at Reasonable Hours. For the purpose of performing the maintenance authorized by this Article, the Association, through its duly authorized agents or employees, shall have the right, after reasonable notice to the Owner, to enter upon any Lot or Lots or the exterior of any improvements thereon at reasonable hours any day except Sunday.

ARTICLE VII - ARCHITECTURAL CONTROL COMMITTEE

Section 1. Power of Committee. There is hereby created an Architectural Control Committee ("Committee") for the purpose of architectural and engineering control to secure and maintain an attractive, harmonious residential community. The Developer shall represent the Committee as its sole member and grant all approvals and variances provided for herein until Developer conveys the last Lot which Developer owns in the Subdivision, except that Developer may elect to delegate and assign such duties and responsibilities to the Committee prior to that time. After delegation or assignment by the Developer, the Committee shall be composed of no less than three (3) individuals appointed by the Board to serve at the Board's pleasure. Two-thirds (2/3rds) of the Committee shall also be Members of the Association, with no greater than one (1) member of a household serving on the Committee. A majority of members of the Committee shall constitute the decision of the Committee.

(a) In General. No dwelling, house, building, structure or improvement of any type or kind shall be constructed or placed on any Lot in the Subdivision without the prior approval or permit from the City of Hobart, which shall be obtained only after written application has been made to the Committee by the Owner of the Lot requesting authorization from the Committee. Such written application shall be in the manner and form prescribed from time to time by the Committee, and shall be accompanied by two (2) complete sets of plans and specifications for any such proposed construction or improvement. Such plans shall include plot plans showing the location of all improvements existing upon the Lot and the location of the improvement proposed to be constructed or placed upon the Lot, each properly and clearly designated. In addition, such plans and specifications shall show the proposed landscaping, together with any other material or information which the Committee may require. All plans and drawings required to be submitted to the Committee shall be drawn to a scale of 1" – 10', or to such other scale as the Committee may require. There shall also be

submitted, where applicable, the permits or reports required elsewhere in these Restrictions.

Existing and finished grades shall be shown at the lot corners and at the corners of any proposed improvements, and shall show the relation of finished grades and elevations to neighboring lots or properties. Lot drainage provisions shall be indicated, as well as cut and fill details, if any substantial change in the lot contour is contemplated. The exterior elevations for any improvements must be built with finished floor elevations in conformity with the requirements of the County of Lake, Indiana and of the Developer.

(b) Power of Disapproval. The Committee may refuse to grant permission to construct, place or make the requested improvement, when:

- (i) The plans, specifications, drawings or other material submitted are themselves inadequate or incomplete, or show the proposed improvement to be in violation of these restrictions;
- (ii) The design, color scheme or construction materials of a proposed improvement is not in harmony with the general surroundings of the Lot or with adjacent buildings or structures; or
- (iii) The proposed improvement, or any part thereof, would in the opinion of the Committee be contrary to the interests, welfare or rights of all or any part of the other Owners.

(c) Power to Grant Variances. The Committee may allow reasonable variances or adjustments of these Restrictions where literal application would result in unnecessary hardship, but any such variance or adjustment shall be documented in written form and granted in conformity with the general intent and purposes of these Restrictions, and no variance or adjustment shall be granted which is materially detrimental or injurious to other Lots in the Subdivision. In no case shall a variance or adjustment by the Committee supersede variance requirements and review processes from City of Hobart Municipal Code or building/construction standards from appropriate city boards or commissions.

Section 2. Duties of Committee. The Committee shall approve or disapprove proposed improvements within thirty (30) days after all required information shall have been submitted to it. Should the Committee fail to act within the specified time, the requirements of this Article shall have been automatically waived and the Owner's plans shall be deemed to have complied with all requirements hereof. One copy of all submitted material shall be retained by the Committee for its permanent files. All notifications to applicants shall be in writing, and, in the event that such notification is one of disapproval, it shall specify the reason or reasons for the disapproval.

Section 3. Liability of Committee. Neither the Committee nor any agent thereof, nor the Developer, nor the Association, shall be responsible in any way for any defects in any plans, specifications or other materials submitted to it, nor for any defects in any work done

according thereto.

Section 4. Inspection. The Committee may inspect work being performed with its permission to assure compliance with these Restrictions and applicable municipal inspections and regulations.

ARTICLE VIII - USE RESTRICTIONS

Section 1. Residential Use. The real estate subject to these covenants and restrictions may be used for single family residential units and for no other purpose. There shall be no more one (1) single family dwelling on any one (1) Lot. No business or commercial building may be erected on any Lot and no business may be conducted on any part thereof. No building or other improvements shall be erected upon any Lot without prior approval of the Committee as elsewhere herein provided. No accessory building shall be erected prior to erection of the principal dwelling or house.

- (a) Subdivision of a Lot. No lot shall be divided, subdivided or reduced in size.
- (b) Consolidation of Two or More Lots. Consolidation of two or more lots shall not be allowed.
- (c) Business Uses and Home Occupations. Garage sales, moving sales, auctions, rummage sales, or similar activity is expressly prohibited. An Owner or occupant residing in a Lot may conduct other business activities within the Lot with the express written consent of the Board, so long as: (i) the existence or operation of the business activity is not apparent or detectable by sight, sound, or smell from outside the Lot; (ii) the business activity conforms to all zoning ordinances; (iii) the business activity does not involve door-to-door or telephonic solicitation of residents of the Subdivision; (iv) the business activity does not, in the Board's reasonable judgment, generate a level of vehicular or pedestrian traffic or a number of vehicles being parked in the Subdivision which is noticeably greater than that which is typical of Lots in which no business activity is being conducted; and (v) the business activity is consistent with the residential character of the Subdivision and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Subdivision, as may be determined in the Board's sole discretion. This subsection shall not apply to any activity conducted by Developer or a Builder approved by Developer with respect to its development and sale of any home or Lot or its use of any Lots which it owns within the Subdivision.

Section 2. No Temporary Building. No tents, trailers, vans, shacks, tanks or temporary or accessory buildings or structures shall be erected or permitted to remain on any Lot or in the Common Areas.

Section 3. Antennae, Windmills and Satellite Dishes. No exterior windmills, aerial, antennae or satellite dish antennae in excess of 20 inches in diameter shall be placed or erected upon any Lot or the Common Areas or affixed in any manner to the exterior of any building in the Subdivision.

Section 4. Boats and Motor Vehicles. No boats, trailers, recreational vehicles, commercial vehicles exceeding $\frac{3}{4}$ ton, campers or other motor vehicles, except four-wheel personal private passenger automobiles, shall be placed, parked or stored upon any Lot or in the Common Areas, nor shall any maintenance or repair be performed upon any boat or motor vehicle upon any Lot, except within a fully enclosed building and totally isolated from public view. The list of prohibited vehicles shall include but is not limited to commercial trucks exceeding $\frac{3}{4}$ ton, over-the-road trucker trailer cabs and trailers, mobile homes, trailers, camper trailer, snowmobiles, motorcycles, boats or other watercraft and their trailers. For purposes of this section, a commercial vehicle shall include, but is not limited to, any and all automobiles, station wagons and utility vehicles exceeding $\frac{3}{4}$ ton, which shall bear signs or have printed on the side of same a reference to any commercial undertaking or enterprise. For purposes of this Section, the aforementioned parking limitations do not apply to usual and customary private automobiles, station wagons, passenger mini-vans, and similar vehicles all currently registered and licensed for daily use.

Section 5. Trees and Yard Grass. Each Lot must have installed by the Owner at least two (2) trees with a trunk diameter of at least two (2) inches, and five (5) bushes or shrubs growing upon it in the front yard, in compliance with Hobart Municipal Code 154.427, within ninety (90) days from the time that the dwelling structure is completed. No tree or shrub, the trunk of which exceeds four (4) inches in diameter shall be cut down or otherwise destroyed without the prior express written consent of the Committee. All front, side-yards, and rear of Lots must be sodded, seeded, or hydro-seeded by Owner within thirty (30) days from the time that the dwelling structure is completed.

Section 6. Artificial Vegetation. No artificial grass, plants or other artificial vegetation shall be placed or maintained upon the exterior portion of any Lot, unless approved by the Committee.

Section 7. Automobile Storage Areas. All homes erected upon a Lot shall have a garage attached to and architecturally consistent with the home. No automobile garage shall be permanently enclosed or converted to other use without the substitution of another enclosed automobile storage area upon the Lot. No carports shall be permitted unless approved by the Committee and all garages shall be at least adequate to house two (2) standard size automobiles. All garages must have doors that are to be maintained in useable condition.

Section 8. Street Parking Prohibited. Except within the parking spaces in the Owner's garage (with the door closed) and for visitors and providers of services temporarily parking in a driveway or on the street, no unlicensed automobiles shall be parked longer than forty-eight (48) hours within any seven (7) day period on any street or Lot in the Development.

Section 9. Use of Yard. No clotheslines, yard ornaments, playground equipment, basketball goals or standards, fountains, flag poles, tennis courts, gazebos, or other similar uses of yards which may prove detrimental to the value of the adjoining Lots shall be permitted, except as approved by the Committee. Storage sheds shall be allowed to be constructed on lots only upon written approval of the Committee. Storage sheds siding and trim shall be painted to match the home on the lot and shall be constructed in accordance with all City of Hobart building department requirements. Location of the shed shall be determined by the Committee. Any construction, erection, placement, or modification of any thing, permanently or temporarily, on the outside portions of the Lot, whether such portion is improved or unimproved, shall be made except in strict compliance with the provisions of this Declaration.

Section 10. Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on the Development, except that no more than a total of two (2) animals (dogs, cats, or other larger household pets) may be kept in residences subject to rules and regulations adopted by the Association through its Board of Directors, provided that such pets are not kept, bred, or maintained for any commercial purpose. The Board shall have the absolute power to prohibit a pet from being kept on any Lot in the Subdivision, including inside residences constructed thereon. Pets should be confined to your yard or on a lead or leash. Excessive barking by any Owner's dog shall be considered a nuisance requiring abatement.

Section 11. Rubbish, Trash and Garbage. No rubbish, trash, garbage or other waste materials shall be kept or permitted on any Lot or on the Common Areas, except in sanitary containers located in appropriate areas concealed from public view.

Section 12. Fences, Hedges and Walls. Except for fences erected by the Developer and privacy fences erected by an Owner surrounding an in-ground pool, no fence, wall or other dividing instrumentality of any height shall be constructed or maintained on any Lot without a City of Hobart building permit in compliance with Municipal Code 154.006 (G)(5)(a) and as approved by the Developer or subsequently formed Committee. Fencing, if permitted, shall not exceed six (6) feet in height and must consist of black gloss finish, extruded aluminum material, with fence design approved by the Developer or Committee. All fences permitted over drainage easements and must have a ground clearance of two (2) inches minimum to allow for the flow of water.

Section 13. Trash Receptacles. Every outdoor receptacle for ashes, trash, rubbish or garbage shall be so placed and kept as not to be visible from any street or Lot within the Subdivision at any time, except at the time when refuse collections are being made. The City of Hobart shall designate a trash collection day and a trash collection to be used as a public service. The Association may enter into a master contract for trash collection with a refuse disposal service with the costs thereof to be included as a Common Expense of the Association to be paid by Owners as part of their normal assessments. Additionally, should the Association enter into a separate master contract for trash collection, the Association may designate a standard trash container as acceptable by any private disposal company, all at the expense of

each Lot Owner, if applicable.

Section 14. Nuisances. Nothing shall be done or maintained on any Lot or on the Common Areas which may be or become a nuisance to the neighborhood as defined in Chapter 96 of the Hobart Municipal Code. No outside toilets shall be permitted on any Lot in the Development (except during a period of construction and then only with the consent of the Developer or Board), and no sanitary waste or other wastes shall be permitted to enter the storm drainage system.

Section 15. Signs. No sign of any kind shall be displayed to public view on any Lot or any Common Areas, except for the following:

- (a) In compliance with City of Hobart Municipal Code, SIGNS, beginning in Section 154.375.
- (b) Owners shall not install signs on public right of ways or obstruct the view of public right of ways.

The size, time, place, manner, and design of all signs shall be subject to approval by the Committee.

Section 16. Common Areas. Nothing shall be altered in, constructed on or removed from, any of the Common Areas except upon the written consent of the Association.

Each owner shall have the right to use the Common Areas in conjunction with all other owners, as may be required for the purpose of ingress and egress to, and use, occupancy and enjoyment of, the respective land owned by each owner. Such rights shall extend to the owners, tenants, guests, and other occupants and visitors.

Section 17. Miscellaneous. No weeds, underbrush or other unsightly growths shall be permitted to grow or remain upon any Lot or any Common Areas, and no refuse pile or unsightly objects shall be allowed to be placed or suffered to remain anywhere thereon; and in the event that any Owner shall fail or refuse to keep Owner's Lot free of weeds, underbrush or refuse piles, or other unsightly growths or objects, then the Association may enter upon said Lot and remove the same at the expense of the Owner as provided for herein, and such entry shall not be deemed a trespass. No burning of garbage shall be allowed by any Owner.

Section 18. Size Requirements. The minimum square footage of living space dwellings constructed on Lots in the Subdivision, exclusive of walk-outs, basements, porches, terraces, garages, carports, accessory buildings, or portions thereof, or similar facilities not designed for regular and continuous habitation, shall be One Thousand Two Hundred Fifty (1,250) square feet of total finished living space. Basements shall be permitted to be built for a home within a lot.

Section 19. Residential Setback Requirements. No dwelling, house or other above-grade structure designed to be used in connection with such house shall be constructed or placed

on any Lot in the Subdivision except as provided herein.

- (a) Front, side and rear yard setbacks. All dwellings or houses and above-grade structures designed to be used in connection therewith shall be constructed or placed on Lots in the Subdivision so as to comply with the front yard, side yard and rear yard setback lines as established in the plat or plats of the various portions of the Subdivision.
- (b) Side Yards. The side yard setback lines shall not be less than six (6) feet.
- (c) The Front and Rear Yards. The front and rear yard setback lines shall not be less than twenty-five (25) feet.

Section 20. Yard Lights. No exterior lighting fixtures shall be installed by an Owner that may become an annoyance or a nuisance to Owners or occupants of adjacent properties.

Section 21. Standard Mail Box. The Developer shall adopt and designate a standard mailbox, newspaper receptacle, and post for all Lots in the Subdivision and may designate a standard location for such mailbox. Each Owner of a Lot in the Subdivision shall cause such standard mailbox and post to be installed and maintained, at such Owner's expense. No mailbox, other than those fixtures approved by the Developer or the Board in the Developer's absence, shall be installed on the exterior of any Lot. All repairs and replacements by Owner to such standard mailboxes and posts shall be consistent in color, quality and appearance with the original mailbox and post unless the advance written approval of the Board is obtained.

Section 22. Exterior Construction. All structures shall be specified on the design plans submitted to the Committee for approval and shall be required to meet the following minimum standards for exterior materials in the construction:

- (a) Roofing materials shall be made of premium asphalt shingles, wood shakes, slate or simulated slate, standing seam metal, tile, or similar premium roofing material. The minimum roof pitch on each dwelling and garage shall be 4/12.
- (b) Siding materials shall be made of premium vinyl, or natural wood products such as cedar, redwood, cypress (or equivalent), natural stone, Hardiplank or other similar premium siding materials.
- (c) All exterior chimneys on the front elevation of the structure facing any street must be of brick, stone, or other similar type material; in no case shall small exterior chimneys be sided with metal or artificial stone.
- (d) All driveways shall have a dust-free surface of Portland cement concrete, brick, cobblestone or other similar type material. No asphalt concrete driveways shall be permitted, unless approved by the Committee.
- (e) No structure shall have metal prefabricated flues or solar panels that extend above the highest roof line.
- (f) All lots within the Subdivision shall have sidewalks installed by the builder within (30) days of occupancy, weather permitting. The owner shall thereafter be responsible for the

maintenance of its sidewalk and driveway. All walks shall be concrete construction, adjacent to and parallel with the front lot line, and run from property line to property line. The sidewalks shall be five feet (5') wide and a minimum of four inches (4") with non-reinforced concrete. Asphalt driveways or sidewalks are not permitted. In all respects, the sidewalks shall meet the requirements of the Developer.

(g) There is a 25% masonry requirement for the front of each home. Paver bricks, stone, or other aesthetically pleasing uses of masonry may be permitted at the discretion of the developer.

(h) Exterior construction material shall be approved by the Architectural Control Committee.

Section 23. Swimming Pools. Above-ground swimming pools are prohibited in this community. All in-ground pools shall be approved by the Committee. Any in-ground pool shall be continuously fenced, surrounding said pool with a non-climbable fence at least five feet (5) high or protected with a State of Indiana approved pool cover. Swimming pools should be designed with adequate buffers to minimize impact all adjacent Lots and must be located within setbacks as established by the Committee. When fencing around a swimming pool is required, the area fenced shall be no larger than necessary to adequately define the pool area.

Section 24. Certain Motorized Vehicles Prohibited. No go-carts, snowmobiles or similar motor-driven vehicles shall be operated within the Subdivision.

Section 25. Septic and Wells. No on-site wastewater treatment system (a "septic system") shall be constructed or utilized on any Lot. No well shall be drilled on any Lot without express written consent of the Board.

Section 26. Owner's Obligation to Maintain Lot. The Owner of a Lot in the Subdivision shall at all times maintain the Lot, real estate and improvements in such a manner as to prevent the Lot and improvements from becoming unsightly, and specifically such Lot Owner shall (a) mow and otherwise tend to the landscaping on the Lot as such times as may be reasonably required in order to prevent the unsightly growth of vegetation and noxious weeds; (b) cut down and remove dead trees; (c) remove all debris and rubbish and prevent the existence of any other condition that reasonably tends to detract from or diminish the aesthetic appearance of the Lot or Subdivision; maintain the Owner's sidewalks and driveway; and (d) keep the exterior of the improvements in such a state of repair or maintenance as to avoid the improvements from becoming unsightly.

Section 27. Heating Plants. Every dwelling or house in the Subdivision must contain a heating plant installed in compliance with the required codes and capable of providing adequate heat for year-round human habitation.

Section 28. Diligence in Construction. Every dwelling, house or other structure whose construction or placement on any Lot in the Subdivision is begun shall be completed within twelve (12) months after the beginning of such construction or placement. In addition, the

front, side and rear lawn of each lot shall be seeded, sodded, or hydro seeded by Owner within ninety (90) days after completion of construction of a dwelling or house. No improvement which has partially or totally been destroyed by fire, windstorm or other casualty shall be allowed to remain in such state for more than three (3) months from time of such destruction or damage.

Section 29. Time in Which to Build Structures. An Owner of a Lot within the Subdivision must commence construction of the dwelling or house within the time period as determined by the Developer. If construction does not begin or if a dwelling or house is not completed upon a Lot within the prescribed time, the Developer shall have the option to repurchase such Lot for a price, in cash, equal to the Owner's cost basis in the Lot, without paying the cost of improvements up to the time of repurchase. This option shall expire if Developer has not notified the Owner of Developer's intent to exercise the option prior to the time of commencement of the construction.

Section 30. Prohibition of Used Structures. All structures constructed or placed on any Lot in the Subdivision shall be constructed with substantially all new material, and no used structures shall be relocated or placed on any such Lot.

Section 31. Necessary Exceptions for Development. Developer, or the transferees of Developer, shall undertake the work of developing all Lots included within the Subdivision. The completion of that work and the sale, rent, or other disposition of the dwellings is essential to the establishment and welfare of the Subdivision as an on-going residential community. In order that such work may be completed and the Subdivision established as a fully-occupied residential community as soon as possible, nothing in this Declaration shall be understood or construed to prevent the Developer, Developer's transferees, or the employees, contractors or sub-contractors of Developer, or of Developer's transferees, from doing whatever they may determine to be reasonably necessary or advisable for the completion of the work and the establishment of the Subdivision as a residential community, and the disposition of Lots by sale, lease or otherwise. Owner, upon commencement of construction of any residence, dwelling unit or other structure, which is not prohibited by this Declaration shall pursue the performance of any construction diligently and continuously until completion of the structure involved. As used in this Section, the words, "its transferees" specifically exclude purchasers of an individual Lot or Lots improved with completed residences or intended for construction at a later date by someone other than the Developer.

Section 32. Prohibition of use of Firearms. The use of firearms within the Subdivision, including the property and Commons Areas, is strictly prohibited per City of Hobart Municipal Code 130.06.

Section 33. Prohibition on Renting. Owners must reside in any residence constructed on any Lot owned in the Subdivision. Renting dwellings as short-term vacation rentals, month-to-month rentals, or traditional long-term rentals is prohibited. Owners may petition the Board for temporary relief from the restrictions in this section if they can show substantial hardship, but the Board may not approve any exception to this restriction beyond six (6)

months in any two-year period.

ARTICLE IX - TRANSFER OF UNIMPROVED LOTS

Section 1. Developer's Right of First Refusal. So long as Developer owns at least one (1) Lot in the Subdivision, no Lot and no interest therein, upon which a single family residence has not been constructed shall be sold or transferred unless and until the Owner of such Lot shall have first offered to sell such Lot or Lots to Developer and Developer has waived, in writing, the right to purchase said Lot.

Section 2. Notice to Developer. Any Owner or Owners intending to make a bona fide sale of a Lot or any interest therein shall give to Developer notice of such intention, together with a fully executed copy of the proposed contract of sale (the "Proposed Contract"). Within thirty (30) days of receipt of such notice and information, Developer shall either exercise, or waive exercise of, the right of first refusal. If Developer elects to exercise the right of first refusal, Developer shall, within thirty (30) days after receipt of such notice and information, deliver to the Owner an agreement to purchase the Lot upon the following terms:

- (a) The price to be paid, and the terms of payment shall be that stated in the Proposed Contract or other terms agreed to by the Owner;
- (b) The sale shall be closed within thirty (30) days after the delivery or making of the Developer's agreement to purchase.

Section 3. Certificate of Waiver. If Developer shall elect to waive the right of first refusal, or shall fail to exercise said right within thirty (30) days of receipt of the Proposed Contract, Developer's waiver shall be evidenced by a certificate executed by Developer in recordable form which shall be delivered to the Owner or the Proposed Contract purchaser.

Section 4. Unauthorized Transactions. Any sale of a Lot, or any interest therein, upon which a single-family residence has not been constructed, without notice to Developer and waiver of Developer's right of first refusal as aforesaid, shall be void.

Section 5. Exceptions. This Article shall not apply to a transfer to or sale by any bank, life insurance company, Federal or State savings and loan association, or real estate investment trust which acquires its title as a result of owning a purchase money mortgage upon the Lot concerned, and this shall be so whether the title is acquired by deed from the mortgagor or its successors in title or through foreclosure proceedings; nor shall this Article apply to a sale by any such institution which so acquires title. Neither shall this Article require the waiver by Developer as to any transfer of title to a Lot at a duly advertised public sale with open bidding which is provided by law, such as but not limited to execution sale, foreclosure sale, judicial sale or tax sale.

ARTICLE X - GENERAL PROVISIONS

Section 1. Duration and Remedies for Violation. The covenants and restrictions of this Declaration shall run with and bind the real estate submitted pursuant to Article II hereof,

and shall inure to the benefit of and be enforceable by the Developer, the Association or any Owner, their respective legal representatives, heirs, successors and assigns, for a term of fifteen (15) years from the date this Declaration is recorded, after which time said covenants and restrictions shall automatically be extended for successive periods of ten (10) years unless amended as provided for elsewhere in this Declaration. Violation or breach of any condition, covenant or restriction herein contained shall give the Developer, Association, or Owner (or any two or more of them in concert or individually) in addition to all other remedies, the right to proceed at law or in equity to compel a compliance with the terms of said conditions, covenants or restrictions, and to prevent the violation or breach of any of them, and the expense of such litigation shall be borne by the then Owner or Owners of the subject property, provided such proceeding results in a finding that such Owner was in violation of said covenants or restrictions. Expenses of litigation shall include reasonable attorneys' fees incurred by Developer and/or the Association in seeking such enforcement; however, attorney fees specifically shall not be allowed to an Owner enforcing these restrictions, unless granted by a Court and based upon an independent finding of entitlement to such damages.

Section 2. Owner's Obligation to Maintain and Repair. Each Owner shall, at Owner's sole cost and expense, maintain and repair Owner's residence, keeping the same in a condition comparable to the condition of such residence at the time of its initial construction.

Section 3. Compliance with Soil Erosion Control Plan.

- (a) The Developer has established and implemented an erosion control plan pursuant to the requirements and conditions of Rule 5 of 327 IAC 15 relating to Storm Water Run-off Associated with Construction Activity. Each Owner shall undertake all erosion control measures contained therein as the plan applies to "land disturbing activity" initiated by Owner or Owner's builders, contractors and their subcontractors and to comply with the Developer's general permit under Rule 5 as well as all other applicable state, county or local erosion control authorities. All erosion control measures shall be performed by personnel trained in erosion control practices and shall meet the design criteria, standards, and specifications for erosion control measures established by the Indiana Department of Environmental Management in guidance documents similar to, or as effective as, those outlined in the Indiana Handbook for Erosion Control in Developing Areas from the Division of Soil Conservation, Indiana Department of Natural Resources.
- (b) Owners shall indemnify and hold Developer harmless from and against all liability, damage, loss, claims, demands and actions of any nature whatsoever which may arise out of or are connected with, or are claimed to arise out of or connected with, any work done by Owner, Owner's employees, agents, or subcontractors which is not in compliance with the erosion control plan implemented by the Developer.

Section 4. Notices. Any notices required to be sent to any Member or Owner under the provision of this Declaration shall be deemed to have been properly sent when e-mailed or mailed (postage paid) to the last known address of the person who appears as Member or Owner on the records of the Association at the time of such mailing.

Section 5. Severability. Invalidation of any one or more of these covenants and restrictions by judgment or Court Order shall in no way affect any other provisions which shall remain in full force and effect.

Section 6. Amendment. This Declaration may be amended, modified or terminated at any time by Developer with the execution and recordation of an instrument executed by Developer, so long as Developer is the Owner of any Lot or any property affected by this Declaration. Thereafter, Owners holding not less than two-thirds (2/3) of the voting interests of the membership may amend, modify or terminate this Declaration with approval from the City of Hobart Plan Commission, as presented under PC 19-11A.

Section 7. Usage. Whenever used the singular shall include the plural and singular, and the use of any gender shall include all genders.

Section 8. Effective Date. This Declaration shall become effective upon its recordation in the Office of the Recorder of Lake County, Indiana.

Section 9. Remedies for Breach of Covenants, Restrictions and Regulations.

- (a) Abatement and Enjoyment: The violation of any rule, restriction, condition or regulation adopted by the Board, or the breach or default of any covenant, bylaw or provision contained herein, shall give the Board the right:
 - (i) To enter upon the property of a home (but not into any home located thereon) upon which, or as to which, such violation or breach exists and to summarily abate and remove, at the expense of the defaulting Owner, any structure, thing or condition that may exist thereon contrary to the intent and meaning of the provisions hereof, and the Declarant, or their successors or assigns, or the Board, or its agents, shall not thereby be deemed guilty in any manner of trespass;
 - (ii) To enjoin, abate or remedy by appropriate legal proceedings, either at law or in equity, the continuance of any breach; and
 - (iii) To pursue all rights and remedies as set forth in the Master Declaration. The Board shall be entitled to recover from a defaulting Owner, other than the Declarant, reasonable attorney fees and costs incurred in pursuing any of the remedies set forth in this Section.
- (b) Rights of Action: The Board and/or any aggrieved Owner shall have the right to

pursue an action against another Owner or Owners who fail to comply with the provisions of the Declaration and/or the rules and regulations adopted by the Board. In addition, Owners shall have a right of action against the Association for the enforcement of the Declaration and/or rules or regulations adopted by the Board.

Section 10. Waiver of Damages. Neither the Declarant, nor their partners, representatives or designees, shall be liable for any claim whatsoever arising out of or by reason of any actions performed pursuant to this Declaration, or in the declarant's (or their partners' or their respective representatives' or designees') capacity as developer, contractor, Owner, manager or seller of the Property, whether or not such claim (a) shall be asserted by any Owner, occupant or the Board or by any person or entity claiming through any of them; or (b) shall be on account of injury to person or damage to or loss of property wherever located and however caused; or (c) shall arise from contract or negligence. Without limiting the generality of the foregoing, the foregoing enumeration includes all claims for, or arising by reason of, the Subdivision, or any part thereof, being or becoming out of repair or containing any patent or latent defects, or by reason of any act or neglect of any Owner, occupant, the Board, and their respective agents, employees, guests and invitees, or by reason of any neighboring property or personal property located on or about the Property, or by reason of the failure to function, or disrepair of, any utility services (heat, air conditioning, electricity, gas water, sewage, and the like); provided, however, the terms of any written warranty of the Declarant (or their partners or their respective representatives or designees) given in connection with the sale by the Declarant of any land shall prevail over the terms and conditions of this paragraph.

Section 11. Tree and Landscaping Disclaimer: Nothing contained in this Declaration, the lot sale or transfer documents, the Declarations of Covenants, Easements and Restrictions for the Subdivision, or any other document shall be construed as a guarantee of the survival of any landscape material and/or trees. The Developer shall not be obligated to remove and/or replace any dead landscape material or trees.

Section 12. Indemnity to Board and Committee Members: The members of the Board of Directors and Committee, and the officers thereof, shall not be liable to the Owners for any mistake of judgement or any acts or omissions made in good faith as such members or officers. The Association shall indemnify and hold harmless each such member or officer against all contractual liability to others arising out of contracts made by such members or officers on behalf of the Association or Committees, unless any such contract shall have been made in bad faith or contrary to the provisions of the Declaration, or in violation of any resolution adopted by the Owners or Board of Directors. Such members or officers shall have no personal liability with respect to any contract made by them on behalf of the Association. Each agreement made by such members or officers on behalf of the Association or Committees shall be executed by such members or officers on behalf of the Association or Committee, as agents.

ALL PERSONS INCLUDING ALL OWNERS, ARE HEREBY ADVISED THAT NO REPRESENTATIONS OR WARRANTIES, EITHER WRITTEN OR ORAL, HAVE BEEN

OR ARE MADE BY THE DEVELOPER OR ANY OTHER PERSON WITH REGARD TO ANY WORK PERFORMED BY ANY PARTICIPATING BUILDER. NEITHER THE DEVELOPER NOR THE ASSOCIATION SHALL BE HELD LIABLE FOR ANY LOSS RESULTING FROM THE CONSTRUCTION, CONDUCT, OR ANY OTHER ACT OF A PARTICIPATING BUILDER.

DC 25-35

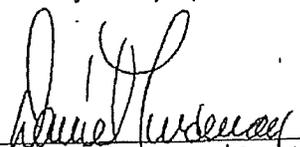

Findings of Fact

Reason and concept of why we propose to amend the zoning map and justification:

1. **The Comprehensive Plan:** The Future Land Use in Hobart's 2040 Comprehensive Plan (Figure 11: Future Land Use) identifies Mixed Neighborhood Residential use for the subject parcels. The proposed development meets the primary land use strategy of low- to medium-density residential neighborhoods characterized in the comprehensive plan.
2. **Current conditions and the character of current structures and uses in each District:** The use and zoning of the proposed development is compatible and complementary with the current conditions and uses of the surrounding areas. Joan Martin Elementary School is located northeast of the property, and the remaining surrounding areas are a mixture of low-density residential (R1) to the east, medium-density residential (R2) to the north and south, and higher-density multifamily residential (R3 / PUD Residential) to the west.
3. **The most desirable use for which the land in each district is adapted:** The proposed development creates a natural transition between the Institutional (School) use, the higher-density / multi-family uses, and the lower-density single family residential uses.
4. **The conservation of property values throughout the jurisdiction:** The proposed development and use are consistent and compatible with the adjacent properties. The proposed single-family offering allows for modern amenities with individual design aesthetic while maintaining an efficient building design at an attainable price point.
5. **Responsible development and growth:** The plan includes cooperation with the City Engineering department to plan for future growth and ensure safe access to the new development as well as consideration to the existing elementary school along a busy City corridor.

The rezone should be granted because:

- (a) The petition is not "spot zoning" which will confer a special benefit to the petitioner on a small tract of land with no commensurate benefit to the community.
- (b) The comprehensive plan will not be disrupted or destroyed because the proposed development meets the primary land use strategy of low- to medium-density residential neighborhoods characterized in the comprehensive plan.
- (c) The land involved is suitable for the proposed land change because public utilities and infrastructure are available to the property and adequate for the proposed use demand.
- (d) The topography is suitable for the proposed land use without adverse effect upon the surrounding land because the land is relatively flat and does not possess any significant features that will impact the surrounding land. The development plan will include storm water management features in compliance with the City's Stormwater Management Ordinance.
- (e) The property values of adjacent property would not be decreased because the proposed development and use are consistent and compatible with the adjacent properties. The \$25M - \$30M investment into new residences with modern amenities will increase the values of adjacent properties.

Findings of Fact

In the following space please provide the reason and concept of why you propose to amend the zoning map and provide justification. Consider the following in your response;

- (1) the comprehensive plan;
- (2) current conditions and the character of current structures and uses in each district;
- (3) the most desirable use for which the land in each district is adapted;
- (4) the conservation of property values throughout the jurisdiction; and
- (5) responsible development and growth.

The rezone should/should not be granted because; (Must meet all the following requirements.)

(a) the petition is not "spot zoning" which will confer a special benefit to the petitioner on a small tract of land with no commensurate benefit to the community.

(b) the comprehensive plan will not be disrupted or destroyed because:

(c) the land involved is suitable for the proposed land change because:

(d) the topography is suitable for the proposed land use without adverse effect upon the surrounding land because:

(e) the property value of adjacent property would not be decreased because:

SECTION 2. The City Council now finds that the above zone change will not be injurious to the public health, safety, morals and general welfare of the community and the use or value of the area adjacent to the property included in this Ordinance will not be affected in a substantially adverse manner and the need for the change in zoning herein arises from a condition peculiar to the property involved and the condition is not due to the general condition of the neighborhood. The Council further finds that the strict application of the terms of the zoning ordinance will constitute an unusual and unnecessary hardship if applied to the property herein if this rezoning were not granted and this rezoning does not interfere substantially with the comprehensive plan.

COMMON COUNCIL OF THE CITY OF HOBART

ORDINANCE NO. 2026 - 01

AN ORDINANCE OF THE COMMON COUNCIL OF THE CITY OF HOBART, LAKE COUNTY, INDIANA, AMENDING THE HOBART MUNICIPAL CODE, REGARDING THE INVESTMENT POLICY FOR THE CITY OF HOBART

WHEREAS, the City of Hobart, Indiana (the “City”) desires to allow the continuing investment of public funds of the City in accordance with I.C. 5-13-9; and

WHEREAS, the Common Council believes it is in the best interest of the City to memorialize and formalize the investment policy of the City for future generations;

NOW, THEREFORE, BE IT ORDAINED by the Common Council of the City of Hobart, Indiana that:

Section One: The Municipal Code of the City of Hobart, Indiana (“Code”), Chapter 33, City Policies is hereby amended by adding a new sub-chapter to be entitled “Investment Policy” commencing with a new section 33.150 and the subsequent other sections as follows:

INVESTMENT POLICY

§ 33.150 Purpose

The purpose of this investment policy (the “Policy”) is to set forth the investment objectives and parameters for the management of public funds of the City of Hobart (the “City”). This investment policy is designed to safeguard funds on behalf of the City, to assure the availability of funds when needed, and provide a competitive investment return.

§ 33.151 Scope

This policy applies to the investment of all funds of the City including but not limited to, the general fund, special revenue funds, debt service funds, project funds and trust and agency funds.

The City may consolidate fund balances to increase investment earnings and to increase efficiencies with regard to investment pricing, banking fees and administration. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

47 **§ 33.152 General Objectives**

48
49 The primary objectives, in priority order, of investment activities shall be safety, liquidity,
50 and return:

51
52 (A) *Safety*: Safety of principal is the foremost objective of the investment program.
53 Investments shall be undertaken in a manner that seeks to ensure the preservation of capital.
54 The objective will be to minimize credit risk and interest rate risk.

55
56 (1) Credit Risk - The City will minimize credit risk, which is the risk of loss due to the
57 failure of the security issuer or backer, by limiting investments to the types of securities
58 listed in Section VI of this Investment Policy.

59
60 (2) Interest Rate Risk - The City will minimize interest rate risk, which is the risk that the
61 market value of securities in the portfolio will fall due to changes in market interest
62 rates, by structuring the investment portfolio so that securities mature to meet cash
63 requirements for ongoing operations, thereby avoiding the need to sell securities prior
64 to maturity.

65
66 (B) *Liquidity*: The investment portfolio shall remain sufficiently liquid to meet all operating
67 requirements that may be reasonably anticipated. This is accomplished by structuring the
68 portfolio so that securities mature concurrent with cash needs to meet anticipated demands.
69 Furthermore, since all possible cash demands cannot be anticipated, a portion of the
70 portfolio may be placed in money market mutual funds or government investment pools
71 which offer same day liquidity for short-term funds.

72
73 (C) *Yield*: The investment portfolio shall be designed with the objective of attaining a market
74 rate of return throughout budgetary and economic cycles, taking into account the
75 investment risk constraints and liquidity needs. Return on investment is of secondary
76 importance compared to the safety and liquidity objectives described above. The core of
77 investments are limited to relatively low risk securities in anticipation of earning a fair
78 return relative to the risk being assumed.

79
80
81 **§ 33.153 Standards of Care**

82
83 (A) *Delegation of Authority*: The Clerk-Treasurer, hereinafter referred to as the Investment
84 Officer, shall be responsible to oversee the day-to-day management of the City's
85 investments pursuant to Indiana Code 36-4-10-4.5. Should the City elect to select an
86 outside investment advisor, such advisor or firm must be registered under the Investment
87 Advisor's Act of 1940.

88
89 (B) *Prudence*: The standard of prudence to be used by the Investment Officer shall be the
90 "prudent person" standard and shall be applied in the context of managing all funds of the
91 City. The "prudent person" standard states that, "Investments shall be made with
92 judgment and care, under circumstances then prevailing, which persons of prudence,

93 discretion and intelligence exercise in the management of their own affairs, not for
94 speculation, but for investment, considering the probable safety of their capital as well as
95 the probable income to be derived."
96

97 (C) *Ethics and Conflicts of Interest:* The Investment Officer and employees involved in the
98 investment process shall refrain from personal business activity that could conflict with the
99 proper execution and management of the investment program, or that could impair their
100 ability to make impartial decisions. The Investment Officer and employees shall disclose
101 any material interests in financial institutions with which they conduct business. They shall
102 further disclose any personal financial/investment positions that could be related to the
103 performance of the investment portfolio.
104

105
106 **§ 33.154 Authorized Financial Institutions and Broker/Dealers**
107

108 (A) *Authorized Financial Institutions and Broker/Dealers*

109 A list will be maintained of local financial institutions that are approved depositories for the receipt
110 of public funds according to the State Board for Depositories. The City may pass a resolution
111 pursuant to IC 5-13-9-5 expanding the list of approved financial institutions to include all Indiana
112 depositories approved for the receipt of public funds according to the Indiana State Board for
113 Depositories.
114

115 In addition, the City will only use broker/dealers that meet the following requirements:

- 116 • Primary dealers or regional dealers that qualify under Securities and Exchange
117 Commission (SEC) Rule 15C3-1 (uniform net capital rule);
- 118 • Capital of no less than \$10,000,000;
- 119 • Registered as a dealer under the Securities Exchange Act of 1934;
- 120 • A member of the National Association of Securities Dealers (NASD);
- 121 • Proof of state registration
122

123
124 **§ 33.155 Suitable and Authorized Investments**
125

126 Consistent with Indiana Code 5-13-9, the following investments will be permitted by this Policy:
127

128 (A) Securities backed by the full faith and credit of the United States Treasury or fully
129 guaranteed by the United States and issued by any of the following:

- 130 (1) The United States Treasury.
- 131 (2) A federal agency.
- 132 (3) A federal instrumentality.
- 133 (4) A federal government sponsored enterprise.
134

135 (B) Securities fully guaranteed and issued by any of the following:

- 136 (A) A federal agency.
- 137 (B) A federal instrumentality.
- 138 (C) A federal government sponsored enterprise.

- 139
- 140 (C) Municipal securities issued by an Indiana local governmental entity, a quasi-governmental
- 141 entity related to the state, or a unit of government, municipal corporation, or special taxing
- 142 district in Indiana, if the issuer has not defaulted on any of the issuer's obligations within
- 143 the twenty (20) years preceding the date of the purchase in accordance with IC 5-13-9.2.
- 144
- 145 (D) Money market mutual funds rated AAAM, or its equivalent, by Standard and Poor's
- 146 Corporation or Aaa, or its equivalent, by Moody's Investors Service, Inc. in accordance
- 147 with IC 5-13-9-2.5.
- 148
- 149 (E) Repurchase agreements in accordance with IC 5-13-9-3
- 150
- 151 (F) Transaction accounts, certificates of deposit and deposit accounts issued or offered by a
- 152 designated depository of the City's political subdivision. The investing officer making a
- 153 deposit in a certificate of deposit shall obtain quotes from each designated depository in
- 154 accordance with IC 5-13-9-4.
- 155
- 156 (G) Certificates of deposit authorized by a resolution of the City in accordance with IC 5-13-
- 157 9-5 and 5-13-9-5.3.
- 158
- 159 (H) Local government investment pools in accordance with IC 5-13-9-11.
- 160
- 161 (I) Consistent with Indiana Code 36-1-7, the City may pass a resolution to enter into interlocal
- 162 cooperation agreements for the joint exercise of powers, including the investment of public
- 163 funds.
- 164

165

166 **§ 33.156 Investment Parameters**

167

168 (A) *Maximum Maturities*

169 The City's investments must have a stated final maturity of not more than two years pursuant to

170 IC 5-13-9-5.6. Because of inherent difficulties in accurately forecasting cash flow requirements,

171 a portion of the portfolio should be continuously invested in readily available funds such as local

172 government investment pools, money market funds, or overnight repurchase agreements to ensure

173 that appropriate liquidity is maintained to meet ongoing obligations.

174

175 The City may adopt an ordinance, pursuant to IC 5-13-9-5.7, authorizing its Investment Officer to

176 make investments having a stated final maturity that is more than two (2) years but not more than

177 five (5) years after the date of purchase. The total investments of the City with maturities of two

178 (2) to five (5) years outstanding at the time of purchase may not exceed twenty-five percent (25%)

179 of its total portfolio of public funds invested, including balances in transaction accounts. Such

180 ordinance expires on the date on which this Policy expires, which may not exceed four (4) years.

181

182 (B) *Competitive Bids*

183 The Investment Officer or its designee shall obtain competitive bids for investment with financial

184 institutions in accordance with IC 5-13-9-4. The Investment Officer or its designee shall obtain

185 bids from at least two brokers or financial institutions on all purchases of investment instruments
186 on the secondary market. Overnight sweep investment instruments shall not be subject to this
187 section.
188

189

190 **§ 33.157 Policy Considerations**

191

192 (A) *Adoption and Expiration:* This Policy shall be adopted by the City at a public meeting and
193 shall expire four (4) years from the date of adoption in accordance with IC 5-13-9-5.7.
194

195

196 (B) *Exemption:* Any investment currently held that does not meet the guidelines of this policy
197 shall be exempted from the requirements of this policy. At maturity or liquidation, such monies
198 shall be reinvested only as provided by this policy.

199

200 (C) *Amendments:* This policy shall be reviewed periodically. Any changes must be approved by
201 the Investment Officer and any other appropriate authority.
202

203

204

205 **Section Two:** All ordinances or portions thereof in effect prior to the effective date and in
206 conflict with the provisions of this ordinance are hereby repealed.

207

208 **Section Three:** This Ordinance will be in full force and effect from and after its passage
209 by the Common Council and signing by the Mayor.

COMMON COUNCIL OF THE CITY OF HOBART

ORDINANCE NO. 2026 - 02

AN ORDINANCE OF THE COMMON COUNCIL OF THE CITY OF HOBART,
LAKE COUNTY, INDIANA, AUTHORIZING THE INVESTMENT OF PUBLIC FUNDS
PURSUANT TO I.C. 5-13-9-5.7

WHEREAS, the City of Hobart, Indiana (the “City”) desires to allow the investment of public funds of the City for more than two (2) years and not more than five (5) years; and

WHEREAS, the City desires to maximize the potential return on investments to the greatest degree possible;

NOW, THEREFORE, BE IT ORDAINED pursuant to I.C. 5-13-9-5.7, the Common Council of the City of Hobart, Indiana hereby authorizes the investing officer to make investments having a stated final maturity that is more than two (2) years, but not more than five (5) years after the date of purchase under the following circumstances:

- A. The fiscal body of the City shall first adopt an investment policy allowing for the adoption of an ordinance authorizing the investment of public funds of the City for more than two (2) years and not more than five (5) years in accordance with I.C. 5-13-9-5.7(a) and (b).
- B. This ordinance and the power to make an investment having a stated final maturity that is more than two (2) years, but not more than five (5) years after the date of purchase expire on the date on which the investment policy expires, which may not exceed four (4) years.
- C. At the time an investment of public funds of the City is made having a stated final maturity that is more than two (2) years, but not more than five (5) years, the total such investments of the City may not exceed twenty-five percent (25%) of the total portfolio of public funds invested by the City, including balances in transaction accounts.
- D. An investing officer may contract with a federally regulated investment advisor or other institutional money manager to make such investments.

Section Two: All ordinances or portions thereof in effect prior to the effective date and in conflict with the provisions of this ordinance are hereby repealed.

Section Three: This Ordinance will be in full force and effect from and after its passage by the Common Council and signing by the Mayor.
